

WILSON WORKED LATE LAST NIGHT ON MESSAGE TO CONGRESS ON RAILROAD SITUATION TO BE DELIVERED AT ONCE

President Definitely Decides to Go Before Both Houses in Joint Session, Review Negotiations to Date and Present a Definite Legislative Programme to Avert Strike or to Stop It.

STRIKE ORDER CALLS FOR ALL TRAINMEN TO QUIT WORK NEXT MONDAY MORNING, LABOR DAY

Conferences Held With Senate Leaders, Brotherhood Leaders, and Railway Executives, Latter Presenting New Proposal for Investigation of All Issues, Situation to be Held in Status Quo.

Washington, August 28. — President Wilson tonight definitely decided to go before Congress in person tomorrow or Wednesday to recommend legislation aimed to avert the threatened Nation-wide railroad strike or to stop it, if it comes before Congress can act. He worked until late tonight on his message in which he will tell members of the Senate and House of the negotiations to date, and lay before them a definite legislative programme.

The President reached this decision after conferences at the White House with the committee of eight railroad presidents and the four brotherhood heads, on a new proposal for settlement of differences suggested by the executives, and after a prolonged discussion of the situation at the Capitol with the members of the Democratic Steering committee of the Senate.

Railroads' New Proposal.

The proposition of the railroad executives was an investigation of all issues to be conducted by a commission to be named by the President, the investigation to last for a period of three or four months, no action to be taken by either side in the meantime and at the conclusion of the inquiry into the situation to be what it now is, the employees having the choice of either arbitration or striking. The brotherhood heads promised a reply tomorrow morning and there was every indication it would be unfavorable.

When the railroad brotherhood heads went to the White House tonight the President not only laid before them the plan of the executives, but strongly urged the withdrawal of a tentative strike order sent yesterday, subject to release, calling for a walk-out of the 400,000 brotherhood members at 7 A. M., Labor Day, September 4. This request was flatly refused, the leaders saying only the committee of 640 which left Washington yesterday had power to recall the order.

Copies of the strike order were brought to the President's attention after they had gotten into the possession of the railroad executives. It had been known that the members of the committee of 640 carried home with them a tentative order, but no one outside the brotherhood councils had suspected that a date had been set, and the President is said to have been greatly perturbed by the information. After the refusal to withdraw the order he communicated with the railroad presidents who held a meeting that lasted until late in the night.

In spite of the apparent final failure of his efforts to bring the two sides together, the President was represented tonight as being still hopeful of averting a strike.

Although on the surface a Nation-wide railroad strike was nearer tonight than it had ever been, confidence was expressed in official quarters that the steps under contemplation would have the effect of preventing the walk-out. The President, realizing the disaster which would come to the country if the railroads are tied up, was said to be determined to prevent a strike at any cost.

Urges Executives to Relent. In his conferences with the executives he strongly urged that they change their hitherto unyielding attitude and when he saw the employees he declared that all suggestions from the executives should be given most careful consideration.

Final arrangements for the appearance of the President before Congress were not completed tonight, but he discussed the question fully with the Democratic Steering Committee of the Senate and they agreed with him that he should address a joint session.

The time of his appearance depends largely upon further conferences tomorrow with the executives and the employees.

At today's conference the railroad presidents did not formally present the statement agreed on by them last Friday night, which amounted to a flat refusal of his plan of settlement. This statement has been signed by all the executives, but its presentation was withheld in the interest of peace. President Wilson was informed generally of its terms, however.

Ray of Hope Left. Throughout the day there appeared to be some possibility that an agreement might be reached upon a plan which would include concession of the 5-hour day, but postponement of its effectiveness until the railroads had had an opportunity to prepare for it. Hope of persuading the railroad managers to agree to such a plan had not been given up tonight.

After their conference with Mr. Wilson the executives gave out a statement in which they said they had laid before the President a suggestion in the nature of a proposition for progress toward a solution of the questions at issue.

Although it seems certain that there will be opposition from Republicans in Congress to the legislative suggestions of the President, administration

BERLIN AND PARIS BOTH CLAIM GAINS IN BALKAN THEATRE

Artillery Engagements and Mine Operations Again Characterize Fighting in West.

ALLIES CLAIM PROGRESS

Hard Fighting in Progress Between Russians and Turks in the Lake Van Region.

Except in the Macedonian sector, little important fighting is reported from the fronts. Along the line where the Teutonic allies are in contact with the Serbians, British and French, Berlin and Paris report additional gains for their respective forces.

Berlin records the capture of heights south of Zbrokno by the Bulgarians and the repulse of Serbian counter attacks on Mount Seganska while Paris says the Serbs have made considerable progress near Vratienka and have repulsed with heavy losses Bulgarian attacks on the road from Banica to Ostrovo. Paris admits, however, Bulgarian occupation of positions abandoned by the Greeks west of Kavala, on the Aegean.

Artillery engagements and mine operations again have characterized fighting in France and Belgium. The French report further progress east of Delville wood and near the Mouscron farm, in the Somme region, while London reports the shelling of British positions by the Germans especially between the Pozieres and the Thiepval wood, and reciprocal bombardments at other points. A German attack near Fleury failed.

From the Riga region to the Carpathian passes there have been isolated engagements at various points between the Russians and Austro-Germans, but no notable successes. Hard fighting is in progress between the Russians and the Turks in the Lake Van region and north of Bitlis. In the latter region the Turks have been driven back southward by a Russian counter attack, losing men and guns.

Aside from bombardments by the Austrians along the Isonzo front the situation in the Austro-Italian theatre remains unchanged.

GERMAN REINFORCEMENTS ON DANUBE CALLED INTO ACTION

Athens, Aug. 28, via London, Aug. 28. (Delayed)—A report is current here that heavy German reinforcements held in reserve along the Danube have been called into action.

The Greek army staff does not recognize any great danger in the growing Bulgarian penetration of Thessaly. The Serbian army is reported engaged in a heavy action in Sorovich. The battle at Karadjova, reports say, continues bitterly.

Harford, Conn., August 28. — The Eastern Forwarding Company of Baltimore, American agents for the German line of submarine merchantmen, has leased from the State of Connecticut a part of the new state pier at New London, for six months, with the privilege of renewing for another half year.

Newport News, Va., Aug. 28.—Battleships of the Atlantic fleet now in Hampton Roads, with the civilian sailors of the "John Paul Jones" cruise are due to leave tomorrow for the Southern drill grounds where the "rookies" will be taught the rudiments of target practice.

Washington, Aug. 28.—Some 12,000 men of Ohio, Vermont and Kentucky National Guard regiments still held in state mobilization camps were directed by the War Department today to proceed to the Mexican border. The department revoked suspension of an order for their movement issued two weeks ago. All the regiments will go forward to join General Funston's command as rapidly as transportation can be supplied. Some units were on the move tonight.

There remain approximately 13,000 guardsmen scattered through many nearly frantic and was followed here by a wild chase at the lowest prices of the day, \$1.40 1-2 to \$1.40 3-4 for September and \$1.43 3-4 to \$1.44 3-4 for December, as against Saturday's finish of, respectively, \$1.31 3-4 and \$1.53 3-4 to 1 1-2.

Washington, Aug. 28.—Abrupt widening of the European war zone today sent wheat values tumbling almost as if the market had no bottom. The extreme fall in prices was 11 1-4 cents, an amount virtually a parallel to the extraordinary rise witnessed two years ago on the day that hostilities began. Transactions measured in millions of bushels.

It was the view that the end of the war had perhaps been greatly hastened which in the main brought about today's big drop in quotations. Even the most conservative traders seriously discussed the chance that at least by a speedy opening of the Dardanelles vast stores of Russian grain soon would reach western Europe as a result of Rumania having at last joined fortunes with the Anglo-French allies.

Word late in the session that actual fighting already had begun on the Rumanian frontier set the wheat pit here nearly frantic and was followed here by a wild chase at the lowest prices of the day, \$1.40 1-2 to \$1.40 3-4 for September and \$1.43 3-4 to \$1.44 3-4 for December, as against Saturday's finish of, respectively, \$1.31 3-4 and \$1.53 3-4 to 1 1-2.

RUMANIA HAVING DECLARED WAR ON AUSTRIA-HUNGARY, GERMANY IS 'AT WAR' WITH RUMANIA NOW

Troops of King Ferdinand Already Are Seeking Entry Into the Plains of Transylvania Through Eastern Carpathians Toward Kronstadt, the Chief City, and in Direction of Hermannstadt.

PAPERS OF LONDON POINT OUT EFFECTS

Offers Russia a Route to Heart of Enemy's Country, Defense of Which Involves Large Extension of Enemy's Line.

London, Aug. 28.—All the London morning papers give most of their editorial space to discussion of Rumania's entry into the war, emphasizing the economic, political and moral as well as military effects. With reference to its military significance the papers all assert that it alters the whole balance of man-power in the eastern and southern theatres, brings Bulgaria between the upper and nether millstones and offers Russia a route to the heart of the enemy's country, a route whose defense involves a large extension of the enemy's line and an enormous increase in his responsibilities.

The Daily News says: "It is the development of the Central Powers which Rumania's success would complete that is the capital fact of the situation. Economically, the importance of Rumania's step is the loss to the Central Powers of the supplies they have been drawing from the big Balkan state."

The Express says: "Germany has been receiving cattle, wheat and petroleum from Rumania in great quantities. This supply is now cut off when the demand is more urgent than ever."

Politically, the London papers believe Rumania's entry is likely to have its most immediate effect in Greece, strengthening the hands of Venizelos and the pro-Entente party.

The Morning Post says: "For her indecision and weakness Greece is now suffering heavily, but there are signs that under the teaching of bitter experience the Greek people are coming to their senses. They will be wise to look to it that their repentance does not come too late."

The Daily Chronicle says: "Can the masses in the enemy countries continue to believe the legend of victory when they see this verdict passed by neutral statesmanship?"

The Daily Telegraph says: "Germany awakes after an orgy of hysterical delight over the safe return of a submarine from America to hear that the strongest armed European neutral is ranged against her, ready for instant war at the point of greatest peril to her defensive scheme."

MRS. McADOO IMPROVING. Has Been Ill With Typhoid Fever for Some Time.

Spring Lake, N. J., Aug. 28.—Mrs. William G. McAdoo, daughter of President Wilson, who was stricken with typhoid fever at her summer home near, is improving. It was announced tonight. She passed a comfortable day and her temperature has dropped.

Columbia, S. C., Aug. 28.—With five candidates for governor, including the incumbent and a former governor, South Carolina Democrats tomorrow will vote in the state-wide primary for candidates for the November election. A full state and congressional ticket, including the entire state house of representatives and half the state senate, will be selected. Nomination is considered equivalent to election.

Governor Richard L. Manning, of Sumter, seeking re-election, is opposed by former Governor Cole L. Blease, of Columbia; Robert A. Cooper, of Laurens, and John M. Deschamps and John T. Duncan, of Columbia.

In the congressional race, all the representatives are candidates for re-election. Representative A. F. Lever, of the Seventh district, is the only one without opposition. Representative R. G. Whaley is opposed by J. G. Padgett in the First; J. F. Byrnes by Alvin Ethridge in the Second; Wyatt Aiken, by A. H. Dagnall, F. H. Dominick, John A. Horton and Henry C. Tillman in the Third; Sam J. Nicholls by D. B. Traxler and A. H. Miller in the Fourth; D. E. Finley by W. F. Stevenson, in the

PIERCE DRIVE INTO ROMANIA PREDICTED

Already Bulgarian General Staff Has Moved Against the Greek Frontier.

U. S. ARMY OFFICERS' VIEW

Bucharest Offers an Object for a Drive, Being Located in an Open Plain Within 70 Miles of Bulgarian Frontier.

Washington, Aug. 28.—Many general staff officers here look for a fierce Bulgarian drive into Rumania as soon as war is declared between these two nations. Already the Bulgarian general staff, said by many officers to compare favorably with the German organization, by reason of its hard training in three recent wars, has moved against the Greek frontier, apparently with the intention of throwing a wall of troops around the allied armies at Saloniki.

Bucharest, the Rumanian capital, lies in an open plain within 70 miles of the Bulgarian frontier. It can be defended, army officers believe, only by a great field army, and offers an object for a drive. Because of the constant engagement of German and Austrian forces in other war zones, it is believed the offensive operations must be left to Bulgaria alone and that the Bulgarians welcome the opportunity to attempt to carry a place for themselves among the powers.

The entry of Rumania was hailed with expressions of satisfaction at the allied embassies where officials made predictions of important developments in the Balkans within the next six weeks, affecting Bulgaria's continuance with the Teutonic allies.

NORFOLK AND WESTERN IS EXCLUDED FROM BOAT LINES

Coast Line, Seaboard and Southern Allowed to Continue.

Washington, Aug. 28.—Holding that continued interests in the Old Dominion Steamship Company and the Virginia Navigation Company by the Norfolk and Western Railroad Company would prevent competition, the Interstate Commerce Commission today ruled that the railway company must be excluded.

The decision was rendered under the Panam Canal act which prohibits railway ownership of water lines.

Because it is to the advantage of commerce and in the interest of the public, the commission held that the Chesapeake & Ohio, the Seaboard Air Line, the Atlantic Coast Line and Southern Railway may continue to participate in the operation.

The continued operation of the Chesapeake Steamship Company by the Seaboard and Atlantic Coast Line and the operation of the Baltimore Steam Packet Company by the Seaboard Air Line Railway was also authorized.

SEVERE WIND STORM CAUSES ONE DEATH AT SALISBURY

Number of Business Buildings Demolished, Others Damaged.

Salisbury, N. C., August 28.—A severe wind storm here late today caused the death of William Callaway, a carpenter, demolished several one-story brick buildings, and unroofed dozens of business houses and residences. At East Spencer six persons were injured and several buildings were blown down. The Murphy block and the Wallace building here were damaged, and merchandise stocks throughout the city were flooded.

The plant of the North Carolina Public Service company was put out of commission, leaving the city without lighting facilities, and poles blown across the tracks at various points halted the street cars.

200 FIRE CHIEFS PRESENT

For Annual Convention of Association of Fire Engineers.

Providence, R. I., Aug. 28.—The 44th annual convention of the International Association of Fire Engineers was opened here tonight at an informal reception. Two hundred and fifty fire chiefs from various parts of the United States and Canada are in attendance.

New York, Aug. 28.—Announcement was made tonight by the Western Union Telegraph Company that the telegraph "Day Letter" service, which heretofore has been limited to the United States, will be extended September 1 to all offices in Canada, including those operated by the Great North-western Telegraph Company.

London, Aug. 28.—King Constantine of Greece, underwent a slight operation Sunday, according to Reuters' Athens correspondent. The correspondent adds that the King recently has been indisposed, suffering from inflammation of the wound caused by the last operation on him.

Tokio, August 28.—Italy officially informed Japan today that she had declared war on Germany.

How to Lose Your Tan, Freckles or Wrinkles

A day's motoring, an afternoon on the tennis ground or golf links, a sun bath on the beach or exposure on a sea trip often brings on a deep tan or vivid crimson or more perplexing still, a vigorous crop of freckles and wrinkles. A very easy thing then is mercurized wax, which removes tan, redness or freckles quickly, easily. It is easily peeled off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce of mercurized wax at your druggist's and use this nightly as you would cold cream, washing it off in the morning. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Wrinkles, so apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered castile 1 oz. dissolved in witch hazel, 1 pint. This is not only a valuable astringent, but has a beneficial tonic effect also.

MRS. CAIN TELLS GLADLY HOW HER SON GAINED ON IT

Some Other Mother May Have a Boy Who Suffered Like Hers, That's Why She Offers Praise to Tanlac.

"Some other mother may have a son suffering like mine was, and that's why I offer my story for the papers, telling how Tanlac helped him," Mrs. G. F. Cain smiled to the Tanlac Man.

"My son, B. F. Cain, was in a sad condition when we decided to try Tanlac for him," the grateful parent continued. "For over eight years he suffered from a severe case of indigestion and stomach trouble. We tried remedy after remedy for him, but he kept getting worse and worse. He was tired out all the time, had no energy at all, and could not sleep much at night, because of nervousness.

"But now it's all different," Mrs. Cain went on, as her smile broadened. "Tanalac has helped my boy so that he can eat meat, vegetables, pie or anything he likes, and without suffering one bit later. He sleeps well, for nervousness has left him. He is gaining right along in strength and weight, and it is a pleasure for me to tell how much Tanlac has helped him," ended Mrs. Cain, who lives at 226 West Harget street, Raleigh.

Tanalac is sold in Wilmington by the Bellamy Drug Store exclusively; Acme Store Co.; Acme; C. L. Halstead, Burroughs; Watson's Pharmacy, Southport; A. N. Rhodes & Co., Rocky Point; G. W. Kirby, Smithville; Broadham Drug Co., New Bern; W. L. Southall, Magnolia; Faison Drug Co., Faison; G. W. Locklear, Pembroke. Each town has its Tanlac dealer—adv.

N. A. SINCLAIR AT WHITEVILLE

Democratic Elector at Large Delivers Strong Address in Columbus Court House.

Whiteville, N. C., Aug. 28.—Court convened here today for a two weeks' term, with Judge Geo. W. Connor presiding. His Honor's charge to the grand jury was one of the best delivered here in a long time. After the charge of His Honor the large court room was filled with people from all parts of the county. Hon. J. A. Brown came forward and in a splendid speech introduced Hon. N. A. Sinclair, Democratic elector at large.

Mr. Sinclair was at home among his friends and for more than an hour he held the close attention of the large audience. No man in North Carolina is more able to fill the place of elector than this giant of Democracy from the old Cape Fear section, and those who heard him today declare that he has improved with age.

The speaker took up state issues and carried his audience on to national affairs. He pictured the awful conditions under former Republican rule and asked if anyone wanted a return of those terrible times. Not a voice was raised in behalf of Butler and Russellism in the state.

Mr. Sinclair quoted facts to bear him out in all of his statements, and no one could deny any statements that he made. He was eloquent at times, and again he was pathetic. He appealed to those who might be dissatisfied to stand by the nominees of the party. He referred briefly to the record of Marion Butler and the Republican registrars, and told his audience how quickly they would put the negro back on the registration books if they were again put in power.

Throughout the strong speech of Mr. Sinclair men listened to every word. They believe what he said. They know it was the truth. They are afraid of the leadership of Marion Butler, and they will follow the "Sixty Fox from Sampson" no longer. Mr. Sinclair is able to meet any speaker that the Republicans may send out. They would not remain to hear him today, for they were afraid of the light. Their candidates remained in the background for they knew the drubbing that Sinclair would give them. Not a one was in sight all during the speaking. It was a great day for Democracy in Columbus. Mr. Sinclair left for Brunswick, where he will also give the Republicans enough.

WILSON WORKED LATE ON MESSAGE TO CONGRESS ON RAILROAD SITUATION

(Continued From Page One.)

Interested will understand that they are to promptly obey.

On a separate sheet the duties of members and officers in the conduct of the strike are set forth. Particular emphasis is placed on conducting the proposed strike as peacefully as possible. Among the duties of members set forth are these:

Duties of Members.

"No man in road services involved in the strike will perform any service after the hour set to strike unless he has already begun a trip and has actually left the terminal. If the train has left the terminal, he will complete the trip and deliver the engine and train at the end of the run, or tie-up point, if tied up under the law, after which he will perform no further service until the close of the strike. Men in other than road service will leave the service at the appointed time.

"So far as your legal right to strike is concerned, there is no difference between mail train and a freight train. You have identically the same right to refuse to perform service on a mail train as you have to refuse to perform service on a freight train.

"All men on strike will keep away from the company's property except such men as are designated certain duties to be performed by the authority of organizations.

"Every man should understand that the laws of the land must be obeyed. Acts of violence of any nature will not be tolerated by the organizations."

Conference With Senators.

In his conference with the members of the Senate Democratic Legislative Steering committee, President Wilson not only asked advice regarding the desirability of his laying the whole

HOMICIDE AT LENOIR COUNTY CONVICT CAMP

Bingham Rouse Kills W. L. Dudley, Both of Them Guards.

Tragedy Result of Quarrel and Grapple That Followed Joking, It Is Said—Alleged Slayer Arrested Yesterday.

(Special Star Telegram.)

Kinston, N. C., Aug. 28.—Bingham Rouse, a convict guard, last night shot and killed W. L. Dudley, another guard, at the Lenoir county roads camp in Sandhill township. Dudley's death was instantaneous. Rouse fled after the shooting but was arrested this evening.

Rouse did not go to his supper Sunday night, but, returning at a later hour, asked the cook for something to eat. The meal set out was cold and uninviting. Dudley, according to witnesses at the coroner's inquest today, joked him about the meal. Sharp words followed and Dudley, the larger man, threatened to "kill" Rouse with a chair and slapped his face. Rouse fired three shots at Dudley, two taking effect in vital spots. Two of the shots were fired while the men grappled.

Bryant Taylor, the superintendent, says the men had been friendly. Dudley was not married, neither is Rouse. Dudley's home was in Middlesex. The chief of police there is his brother, it is said. He was about 32 years of age. Rouse is about 25 years younger and a Lenoir county man.

railroad situation before Congress in a personal address, but discussed with them problems of legislation to prevent a Nation-wide strike or, in the event of a strike, to keep the roads in operation for national necessities. He disclosed to the committee the essential points in the protracted negotiations he has conducted for two weeks with railroad presidents and managers and the representatives of the brotherhoods.

The President reached the Senate office building a few minutes before 4 o'clock. He was ushered down one of the long corridors to a committee room where the committeemen awaited him. Senators present were Kern, of Indiana; Martin, Virginia; Chamberlain, Oregon; Owen, Oklahoma; O'Gorman, New York; Thomas Colorado; Reed, Missouri; James, Kentucky, and Williams, Mississippi.

The conference continued for two hours and a half. As the President left the committee room, he passed a group of newspaper correspondents and was about to leave the building. He turned suddenly, however, and summoned the newspaper men.

"I will have to tell you sometime," he said, "that I might just as well tell you now, that I came here today to consult with the Steering committee of the Senate and to get their advice on my appearing before Congress on the railroad situation. I have just asked their advice and my decision will be announced later."

Senator Kern, chairman of the committee, said the committee was in full accord with the President regarding the advisability of addressing Congress, and that a joint session would be arranged to hear him either tomorrow or Wednesday.

Senator Thomas, of Colorado, when asked how long Congress might be detained by the legislative proposals, said:

"If everything proposed is to be passed, we will be here until December."

Franchise General Bill.

"We have undertaken the framing of a general bill," said Senator Newlands tonight, "regarding various phases of legislation that will be necessary to meet the situation. In our conferences begun today we reached no conclusion except as to the general scope of legislation that will be required. The purpose is to take as a basis for this legislation the bill to enlarge the Interstate Commerce Commission. To meet the emergency we are considering also legislation fixing an eight-hour day for railroad employees; an increase in revenue to the railroads to meet greater needs; and a vote on due to adoption of the eight-hour day and amendment of the existing arbitration law. We are considering applying to the arbitration law the Canadian principle which would prohibit a strike or lockout pending negotiations and for a period of sixty days following a decision in any controversy.

"With reference to the eight-hour day, there is being discussed the advisability of making legislation providing for it effective at a time far enough in the future to permit the railroads to adjust their affairs. Just how all these things will be worked out finally we cannot say."

To Keep Roads Operating.

"In addition to this proposed constructive legislation, the President and his advisers also have under consideration the problem of legislation, in event of a strike, to keep the railroads in operation.

"The problem involved in legislation to injure operation of the railroads in case of a strike," said Senator Newlands, "is how far Congress shall go in authorizing the Federal government, through the President, to act. This legislation will give the President authority to draft trains and trainmen, to operate them under Federal control.

"The question is, shall the President be authorized to draft trains merely for military necessity and the transportation of the mails or shall we go further and provide for their operation for general commercial transportation? This is a grave question that has not been determined."

Opinion is divided in Congress on nearly all of the proposed amendments. Some progressive Republican leaders today said they doubted the wisdom of enacting an eight-hour railroad law in the midst of a threatened industrial crisis in which the aristocrats of labor attempt to dictate to the railroads.

The Event of the Season!

roads without regard to the shippers and the public." They also expressed the belief that compulsory arbitration never could be enforced in this country.

MEETING OF ENGINEERS AT RICHMOND IS POSTPONED

Knoxville, Tenn., Aug. 28.—Owing to the uncertainty of the outcome of the negotiations for the eight-hour day, the Brotherhood of Locomotive Engineers have announced the postponement of the union meeting of the Southeastern territory which was scheduled for Richmond, Va., September 4. This announcement was made today by T. J. Hoskins, of Knoxville, who is chairman of the association.

THE DAY IN CONGRESS

SENATE

Met at noon.

Resumed debate on the Emergency Revenue bill.

Tobacco growers protested to Southern senators and representatives against British tobacco embargo.

Passed bill to revise Supreme Court procedure and change date of meeting.

Adjournd at 4:25 p. m. to 10 a. m. Tuesday.

HOUSE

Not in session. Meets Tuesday.

Newport, R. I., Aug. 28.—Fifteen speedy motor boats built under government specifications and commanded by New York, Boston and Providence yachtsmen assembled here tonight for the first practice cruise of a recently

formed volunteer motor boat patrol and the public." They also expressed the belief that compulsory arbitration never could be enforced in this country.

Indoor Life Makes Fat

TRY OIL OF KORLEN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Elvington's Pharmacy or any good druggist and get a box of oil of korelin capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korelin is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

MULLETS

50 kegs Large Mulletts.

175 bbls. Self-Rising Flour.

Priced Right. Order Quick.

BUMPS TURNER EXPECTED
TO MEET HANSON AT BEACH

Match Between Two Star Wrestlers on Friday Night Will Be Big Event.

Practically all arrangements have been completed for a match on next Friday night at Lumina at Wrightsville Beach between Bumps' Turner, of Washington, D. C., and Fritz Hanson, of Wilmington. Following the match between Hanson and Max Schmidt on last Friday night, a challenge was read from Turner and the local wrestler stated that he would be glad to meet the visitor provided a match could be arranged before Labor Day. However, Hanson said that in view of the fact that he was employed at the beach for the summer, he would be unable to go elsewhere but would be glad to meet Turner here.

Turner has accepted the invitation to come down and is expected to be on hand Friday night. He is said to be one of the best wrestlers in the game today and as Hanson is recognized as a mat artist of high degree, some real sport may be expected when they meet. Hanson has wrestled Joe Turner, brother of "Bumps," who is also a wrestler of no mean reputation.

Local admirers of the wrestling game will be glad of this opportunity to see star followers of the sport in action and will no doubt turn out in large numbers.

NATIONAL COMMISSION SERVES
NOTICE ON MAJOR LEAGUE CLUBS

Cincinnati, Ohio, Aug. 28.—The National Commission today served notice on all major league baseball clubs that all clubs whose roster includes 35 or more players on September 15 will not be permitted to file a draft for this season.

The announcement also reminds the clubs that the major league draft season begins on September 15 and closes on September 26. The hour and place of the commission's meeting for the opening, and awarding of selections of players through the draft will be announced later.

IN FAYETTEVILLE TOMORROW

Cameron Morrison to Open Democratic Campaign in Cumberland.

(Special Star Correspondence.) Fayetteville, N. C., Aug. 28.—Hon. Cameron Morrison, of Charlotte, Wilson selector-at-large, will open the Democratic campaign here Wednesday of the week, when he speaks at the court house at noon. County Chairman R. H. Dye is making preparations for a big Democratic rally on that day. Reports that have come from the big rally at Raeford, where Cam. Morrison spoke, leave no doubt in the minds of any one that the faithful of Cumberland will be treated to a rousing, blood-tingling, old-time Democratic speech, but one that will stir the intellect as well as the heart. Several Fayetteville men who heard Morrison at Raeford last week unite in saying that his was the best political speech they have ever heard. This comes from men who have had opportunity to hear the very best political speakers, too. A large crowd is looked for.

12,000 GUARDSMEN ARE
DIRECTED TO PROCEED

(Continued from Page One.) nation became threatening General Funston recommended that the whole movement be held up as the supply difficulty, in case of a rail tie-up, would be complicated by the addition of 25,000 men to his command.

The department now has decided that the strike situation may continue unchanged for some time.

The officials are anxious to complete the divisional organization on the border in order that full advantage may be taken of the opportunity to train a large number of men. It has also been concluded, it is said, that the supply difficulty can be met even in case of a strike.

THE BATTING LEADERS.

Dave Robertson, of the Giants, dropped out of the "Big Six" of major league sluggers yesterday when he failed to hit safely in four times at bat. At the same time Hal Chase, of the Cincinnati Nationals, took second place in the race for batting honors in the older league by going to bat four times and getting two safeties. Hornsby, of St. Louis, with one out of three, failed to gain, but his average is only a fraction lower than that of Chase. Neither Jake Daubert nor Hans Wagner played.

Tris Speaker batted at a .500 clip, getting one hit in two trials, and boasted his mark by one point. Joe Jackson dropped three points by going hitless in four trials. Ty Cobb was out of the game. The standings:

Player	AB.	H.	Pct.
Speaker	433	166	.384
Cobb	420	152	.362
Jackson	416	165	.347

WILSON FARMER CLUBBED AND
ROBBED OF \$137 BY A NEGRO

Posee Scouring Country for Highwayman; Lynching is Feared.

(Special Star Telegram.)

Rocky Mount, N. C., Aug. 28.—Victimized by a negro who asked employment but whose real purpose was robbery, Bruce Garden, a farmer of the Black Creek section of Wilson county, is seriously if not fatally injured and \$137, representing the proceeds from his day's sales of tobacco, is missing. In the meantime there is a large posse scouring that section of the county in search of the negro and there have been expressed fears of summary punishment if he is caught.

Mr. Garden was accosted at Wilson by a negro who asked him for a job "pulling fodder" and the negro was returning with the planter to his home. He asked to stop at a country store and buy a soda. When reaching a secluded spot along the road he seized the soda bottle and dealt the farmer a severe blow on the head, beating him into insensibility, rifled his pockets and fled. The injured man was found in his wagon in an insensible state two hours later, and for some time it was believed that he would not rally, owing to the heavy loss of blood and the fact that a fractured skull was feared.

The man regained consciousness after several hours, however, and it is now thought that he has an equal chance at recovery.

WILBUR DOUGLASS HALL DEAD.

Former Fayetteville Man Dies in Columbia, S. C.

(Special Star Correspondence.)

Fayetteville, N. C., Aug. 28.—Wilbur Douglass Hall, of Columbia, S. C., eldest son of Mrs. W. G. Hall, of this city, died suddenly at a Columbia hospital last night. Following an acute kidney attack, Mr. Hall's death was very sudden, his wife having left him shortly before, as his condition was considered better. The remains were brought here for burial at 12:10 this afternoon. The funeral will be held from the residence on Maiden Lane tomorrow morning at 11 o'clock.

Douglass Hall was a big-hearted man, and very popular, and his sudden death has brought a shock to many friends in the two Carolinas and Virginia. He married Miss Blanche Foote, of Richmond, and is survived by her and three small children. He also leaves a mother, Mrs. W. G. Hall, and a sister, Miss Robbie Hall, of this city, and one brother, John P. Hall, of Columbia.

PRIVATE BLUE ACQUITTED

Found to Be Not Guilty of Complicity of Fayetteville Robbery.

(Special Star Correspondence.)

Fayetteville, N. C., Aug. 28.—McN. Blue, private in Company F, Third Regiment, North Carolina National Guard, was acquitted of complicity in an alleged hold-up of J. A. Lynch, a foreman of carpenters, by Recorder St. L. Cook this morning. Lynch had caused Blue's arrest, together with two other men, Sunday afternoon on a hold-up charge, alleging that one of the men held him up with a knife, that another knocked him down, and that Blue rifled his pockets, taking his pistol and \$35 in money. The evidence this morning showed that Blue was not mixed up in the affair at all, though he had been with the other three men the night before. James Bowman and George Godwin were found guilty of simple assault but acquitted of the charge of robbery. They were fined \$5 each. Lynch was found guilty of carrying a concealed weapon and fined \$5.

Pittsburgh, Aug. 28.—Pittsburgh and Boston divided a double header here today, the former winning the first game by a score of 5 to 1 and the latter the second, 8 to 2. In the final game Kautlehner gave way to Carpenter in the fourth inning. The second game was called at the end of the seventh on account of darkness.

Boston . . . 000 000 010—1 7 1
Pittsburgh . . . 210 000 11—5 15 1

Nehf, Rudolph and Gowdy, Trageser, Blackburn; Mammox and Fischer. Second game:
Boston . . . 022 300 1—8 9 2
Pittsburgh . . . 100 001 0—2 8 3
Allen and Trageser; Carpenter, Kautlehner and Schmidt.

Chicago, Aug. 28.—Philadelphia hammered Hendrix today while the Cubs, except in the seventh, when Williams doubled with the bases full, were unable to do much with Alexander and the champions won, 8 to 2. Fast fielding out of several Chicago hits.

Philadelphia . . . 012 000 050—8 12 0
Chicago . . . 000 000 200—2 5 3
Alexander and Burns; McConnell, Hendrix and Archer and Elliott.

Cincinnati, Aug. 28.—The local team drove Anderson from the mound in the third inning here today and won from New York 5 to 2. Toney had one bad inning, the visitors bunting three hits in the fourth while in the same inning Herzog stole home.

New York . . . 000 200 000—2 8 2
Cincinnati . . . 014 000 00—5 10 2
Schupp, Anderson and Rariden; Toney and Wingo.

St. Louis, Aug. 28.—Meadows was in good form today while St. Louis hit Pfeffer and Dell opportunely and shut out Brooklyn 4 to 0. Hornsby injured his leg trying to score on an attempted squeeze play in the sixth inning and was carried from the field.

Brooklyn . . . 000 000 000—0 8 2
St. Louis . . . 100 101 01—4 10 0
Dell, Pfeffer and Myers; Meadows and Gonzales.

PORTSMOUTH DEFEATS ROCKY
MOUNT IN A CLOSE GAME.

Rocky Mount, N. C., Aug. 28.—With each club claiming an advantage and then losing it, Portsmouth asserted her prowess in the ninth inning of today's game and won 4 to 1. The game was well played throughout and but for the wobbly support accorded Ferguson, the Tar Heel finger would have won his game. Parker staged a great job of a drive in the third frame for the visitors and nabbed a runner off third base and nipped an aspiring tally in the bud for a great fielding sensation. Pearson slashed out the single that sent the winning run to count and won his own game, with this contribution to his day's work.

Portsmouth . . . 001 001 011—4 9 1
Rocky Mount . . . 200 000 100—3 9 4
Pearson and Reynolds; Ferguson and Talbot. Umpire, Cauliflower; attendance 250; time 1:40.

Clogged Livers
Make Tired,
Nervous People

A Wineglassful of Tollo Water Before
Breakfast Cleans Out the
Bile and Gives Relief in
Half an Hour

Thousands of tired, nervous, run-down people have been built up by drinking a wineglassful of Tollo Water every morning. It has the property of cleaning the liver and restoring it to normal activity. Tollo Water is concentrated and bottled at Dawson Springs, the famous Kentucky health resort. Get a 15-cent bottle from any drug store and derive all its benefits in your own home.

Stop taking calomel and drugs that salivate, gripe and sicken. They are dangerous and their effect is only temporary. Tollo Water is nature's liver and bowel cleanser. It flushes and bathes the bowels and stomach in thirty minutes. Its action is mild and pleasant. It stimulates the liver to do its work and relieves constipation in a natural way.

When your liver is natural and unobstructed, all the waste matter is carried out of your body and your food enters a clean, sweet stomach. From which the nourishment is sent to every tired, nervous muscle.

An occasional Tollo Water Liver bath will keep the bowels regular and the whole system strong and healthy. Sold by D. A. Elvington and other druggists.

dressed to**

THE WILMINGTON STAR CO

TUESDAY, AUGUST 29, 1916.

TOP OF THE MORNING.

If you get better luck, or if not,
more grit to beat it. —STEVENS.

If we don't do certain things when
we ought to do them, they will sooner
or later do us.

The world may wag along some-
how, but blamed if we can imagine
how it can fight and wag, too.

The Baltimore Sun is herein and
hereby reprimanded. It is encouraging
the production of campaign poetry and
song.

A New York preacher says woman's
dress is a snare, but an old friend
says woman seems to be more of a
snare than her dress.

Opportunity may knock once at ev-
ery man's door, but some of us are
stupid to "knock" it unless we are
surely enough to seize it.

A South Carolina candidate is re-
ported as a man who says exactly what
he thinks. After all, his remarks may
show that they would be worth more
if he would say twice as much think-
ing as speaking.

The common people receive the com-
monest sort of treatment at the hands
of the Republican party. Why is it
that big business people can always
count on the aid and support of the
G. O. P? They know, and, therefore,
are willing to pay out millions to in-
sure the triumph of their friends. That
is both gratitude and business. Of
course, it is.

A fellow said in all seriousness a
few days ago that a Jersey cow soon
becomes immune to the cattle tick.
But a farmer tells us he gave eight
of his dairy herd a chance to get im-
mune and all of them died right on
the job. He paid \$1,200 for them,
but he says his experience was worth
the money, for it taught him how to
keep fine cows after he pays good
money for them.

Italy has declared more war on Ger-
many, and Rumania has declared some
more on Austria. Norway, Sweden,
Denmark, Holland and Switzerland still
keep safer on the outside of the mail-
strom. It is easy enough to get into
war, difficult to keep out of war and
awfully expensive to stay in war. We
can get into Europe's war, but it isn't
our war and we would not deserve
much credit for getting into such a one-
sided war.

Rumania's declaration of war on
Austria will add another hostile front
—making six fronts in all. Owing to
President Wilson's wisdom, our Ameri-
can boys are not on a single one of
these fronts. It might have been
different if some of those who object
to Wilson's foreign policy had been
president. We are glad they did not
have a bit of authority during the past
two years. We ought not to put any
authority in their hands in the next
four years.

The Democratic administration in-
augurated a plan to give the Philippines
civil government as a substitute for
military rule. The blood thirsty
Moro like the Democratic plan and
they are now peaceful and prosperous.
The Moros are enjoying Democratic
prosperity, but it is because they don't
know the difference between it and the
Republican prosperity that they have
never experienced by being taxed to
rich a privileged class in their coun-
try. The thought of being taxed for
somebody else's benefit would make
the Moro fight, so no attempt has been
made to persuade them that their
country could be made prosperous by
levying a tax on themselves so as to
create wealth for a privileged set. The
Moros have always refused to believe
that if they pay high taxes it will make
them prosperous. Can people make
themselves rich by paying tariff taxes
for the benefit of others?

A GREAT OPPORTUNITY FOR JUDGE HUGHES

Judge Hughes says he favors peace
between capital and labor. So do we.
So do you. So does capital. So does
labor. Nevertheless, Judge Hughes
has not told us all how to bring about
peace between capital and labor any
more than he has told us how to make
the lion and the lamb lie down to-
gether. Of course, Judge Hughes
favors perfect accord and justice be-
tween capital and labor, but he simply
tells us that much without telling us
how to secure it and maintain it.

President Wilson also favors a just
understanding between capital and la-
bor, but the difference between the
President and the man who wants to
be president is that Wilson is on the
job working on a plan to get the rail-
roads and their employees to come to
an agreement that will be as fair as
possible to both sides to the contro-
versy and certainly for the best inter-
est of the agriculture, the business
and the commerce of 103,000,000 people
on this continent.

President Wilson is working on his
plan and is endeavoring to get it
adopted. He has formulated and laid
before the railroads and the trainmen
a concrete proposition. Let Judge
Hughes approve it and give the
strength of his approval to it, else
submit a contrary plan to forestall
an economic disaster hardly less in-
jurious than war. Has he been asked
to do so? Why, no, but he doesn't have
to be asked. He is a free American
citizen and has a perfect right to ex-
press his opinion one way or the
other, or just as he pleases. If he
can tell us how to carry on our for-
eign relations, fraught with the pos-
sibilities of war or peace for the
American people, he certainly has more
right to tell us how to secure and
assure domestic tranquility.

Peace in our own family circle is
more important and desirable just now
than discussing our foreign relations.
Everybody concedes to Judge Hughes
the right to express his opinion about
the way to run the government, or to
handle Mexico, or to handle the Euro-
pean situation. The privilege is also
his to submit a plan for settling the
impending strike on 225 railroads, and
the people really would like to hear
it. He would not be butting in any
more than he is butting in as to other
national and international affairs. We
would like to have something by which
we could really form a conception of
the bigness of the Republican candi-
date, so here is his chance to tell the
people how he would bring about an
agreement between 400,000 American
trainmen and 225 railroads upon which
25,000,000 to 30,000,000 people are
dependent for a living in some particu-
lar or other, and by which the inter-
ests of 103,000,000 people are directly
affected.

It's a man's job—just about the size
for the man that Judge Hughes wants
us to believe that he is. The people
of the United States are more concern-
ed just now in the railroad contro-
versy than they are in our foreign re-
lations as they have been handed up
to this time, so the impending strike
is the uppermost public question upon
which the American people want en-
lightenment.

Nearly everybody is expressing some
kind of opinion on the street, so Judge
Hughes may as well express his on
the stump. This is one of the best
opportunities we know of for Judge
Hughes to tell himself out. Is he afraid,
however, that it would tell him out?

ALL READY FOR THE MONSTER STRIKE

The settlement of the pending strike
of conductors, locomotive engineers,
baggage men, firemen and all train em-
ployees, to the number of 400,000 on 225
railroads throughout the country, is
still wavering in the balance, as the
dispatches say. Ominous words came
from both sides on Sunday, and there
was little or no evidence of a spirit of
compromise. In fact, both sides de-
clared that they are ready—the trainmen
ready to call the strike and go on with
it, and the railroad managements ready
to put strike-breakers in the places
of the strikers and handle all the
trains and business of the roads to
the extent of their ability.

We doubt whether the public or the
railroad managers or the train men
conceive the magnitude of such a
strike in a country of 100,000,000 popu-
lation. The success of such a strike,
of course, would paralyze business in
this country, but a nation-wide strike
is a matter that will sorely tax the
genius of both sides to the controversy.
In the first place, the strike is a huge
conception on the part of the train-
men and it will require master minds
to carry such a monster undertaking
to a successful conclusion. On the
part of the trainmen it will require
masterful strategy to handle an army
of nearly a half million men and to
meet the situations as they arise during
the course of the strike.

The railroad men may have such a
man or such men in view and may have
planned for an undertaking of such
vast proportions as the arrangements
involve, but it remains to be seen
whether there is the great genius and
thorough organization that they must
necessarily depend upon. If, however,
the strike leaders and their field com-
manders are equal to the situation, the
ability of the railroad managements
will be put to a tremendous test. In
that event, it will require just as mas-
terful strategy and counter strategy
as the situation will surely demand.

Millions of us will be innocent by-
standers to the mightiest industrial
contest that has ever been scheduled
in this country. Demoralization of

the entire transportation of such a big
country as this would have an incon-
ceivably far-reaching effect on traffic,
commerce, business and agriculture,
not to mention the personal and com-
munity losses that must be inevitable
should a protracted strike ensue. The
cost will be enormous and discomforts
and inconveniences will be in propor-
tion to the stupendous incidents and
consequences that will surely be in-
volved.

The trainmen certainly have tackled
something big and if they have not
miscalculated their ability and pre-
paredness to mobilize and handle 400-
000 men or more, they will put it up
to the railroad managements to de-
fend a line that practically covers the
greatest railroad country in the world.
System, efficiency and preparedness
will have to be practically amazing in
extent, and it depends more upon those
who take the initiative than upon those
who are to counter it. It will not
only be a fight of brains but one of
endurance, in addition to the general-
ship that is necessary for such a
monster strike as that which President
Wilson has exerted his great ability to
avert.

THE NATION'S COLOSSAL BUSINESS.

The Department of Commerce has is-
sued its annual report covering the
commerce of this country during the
fiscal year ended June 30, 1916. The
total of export and import commerce
represent the largest business ever
done by any nation on earth. This is all
the more amazing since it is es-
timated that only 15 to 20 per
cent of that enormous business is
on account of the war. How
great must be the prosperity that is in-
dicated in a legitimate business of 80
to 85 per cent of such an enormous
and almost incomprehensible whole!

Had there been no war, the results
might have been little less than the
case, for the war itself has cut short
a large legitimate commerce that we
would have done under normal con-
ditions. Our cotton exports were cut
short and our exports and imports in
many lines have been greatly reduced
by the war. They were made up, of
course, by a munitions commerce which
on the part of Europe represents de-
struction instead of agriculture. Had
that portion of our export commerce
represented raw materials which Eu-
rope could have converted into value,
it would have increased her purchasing
power and been all the better for her
as well as for us. However, it is
wealth that is totally wasted, and all
such exports that temporarily enrich
us naturally lessens the foreign cus-
tomer. Sooner or later they will become
exhausted, consequently it will be in-
jurious to us as well as to them in the
normal future that must come some
day.

Last year our total commerce foot-
ed up a value of \$6,531,542,375, of which
the exports represented \$4,333,553,565,
while imports added up the balance in
the sum of \$2,197,988,810. The balance
of trade in our favor was \$2,197,988,810,
the largest by far in the existence of
this greatest commercial nation of the
world. Our exports of manufactured
products ready for consumption
amounted to \$1,996,351,492, far exceed-
ing all previous shipments of our fac-
tory products abroad. We imported
only \$315,552,634 of foreign manu-
factured goods, so that even in the ex-
change of manufactured products there
was nearly a billion and a half dollars
balance in our favor. With such in-
significant foreign competition as that,
what need has this country for a pro-
tective tariff? Upon this showing the
Jacksonville Times-Union observes:

"While our manufacturers exported a
little over six times more of their
goods and sold them in foreign markets
without the advantage of any protec-
tive duties than were imported into this
country from foreign manufacturers
they are still clamoring for higher du-
ties to protect them in the home mar-
ket. We are under the impression
that at some time or other we have re-
ferred to the protected manufacturers
in this country who clamor for more
protection as hogs. We wish to ex-
press our deep regret for calling them
by such a name. The hogs have never
done anything to deserve it.

"The British and French say they
have used no war material at the front
exported to them from the United
States, and yet this report shows that
whereas we exported only \$6,272,197
worth of explosives in 1914, we ex-
ported last year \$467,081,928 worth. The
report is accordingly silent as to
where this went. We exported a little
over five million dollars' worth of fer-
tilizers, and this was deemed so im-
portant that the names of the countries
to which they were exported were
given, but the names of the countries
to which rather more than eighty times
as large a value in explosives was ex-
ported was supposed to be of too little
interest to be stated."

It is presumed that the British and
French are mistaken about using no
munitions from this country, for it is
reasonable to assume that they did, as
the export manifests will show. Other-
wise, where did we send the large
amounts of munitions that has been
exported from America?

COLONEL ROOSEVELT TO SPEAK.

Colonel Roosevelt will speak in Maine
next Thursday, when he goes to that
state to speak in behalf of the elec-
tion of the Hon. Chas. E. Hughes. The
Colonel will deliver one set speech in
Augusta, and it is stated that he will
deal fully with the German-American
problem. It may suit him, but it is
quite likely that Judge Hughes will
wish that Teddy would keep quiet and
help him by staying at Oyster Bay.

The Progressives in Maine are said
to be dissatisfied with the Colonel's
candidate and he may try to pacify
them, but the Democrats after a warm
campaign in Maine expect to carry the
state or give the Republicans the dis-

HEALTH IS WEALTH

by John B. Huber, A.M., M.D.

Constipation is the thief of time, and the root of all evil.

The Germ Of Epi lepsy.

DOCTOR CHARLES A. L. REED, of Cincinnati, considered how
intestinal obstruction is very frequent in idiopathic epilepsies—
those whose affection was not by reason of a blow upon the
head or an injury to the brain substance. Here it seemed to the
Doctor might be a condition relating idiopathic epilepsy with some
form of infection. He took blood from the forearms of such a sufferer,
and found in it a micro-organism, always the same, but which he could
not find in the blood of non-epileptics. The organism which he found in the
caecum of anyone not epileptic. Dr. Reed concluded therefore, that the
blind pouch in the epileptic was the natural habitat of the peculiar
organism, the focus in which it multiplied and generated its baneful
toxins. The mechanical condition of stasis forced such absorption by the
lymph channels of the body as would not occur, certainly not to the
same degree without the mechanical obstruction. The injection of cul-
tures of these germs into the veins of rabbits resulted in epileptic
manifestations that were uniform in all the experimented animals.

The specific, essential germ, which Dr. Reed has called the Bacillus
epilepticus, invades the human system by way of the alimentary canal,
from which by lymphatic absorption, it reaches the circulation. Thence
it is or its toxins—its poisons—conveyed to the brain cortex which it
irritates and congests, thus occasioning the epileptic seizure. This is
epilepsy added to the ever-increasing number of infectious and com-
municable diseases. And the treatment of epilepsy, to be rational and
effective, must be addressed to the organism, the Bacillus, with refer-
ence, first, to arresting its intestinal intake; and, secondly, to its
neutralization or eradication from the blood.

ANGIO-NEUROTIC EDEMA.

A. K. writes: I have a swelling
on either side shoulder where my
neck sets in; it has been coming off
and on for four years. It does not
pain nor hurt in any way. I think
I have a little kidney trouble as
my ankles swell, when on my
feet, very much. Is this a fore-
runner of any disease?

Answer: I. From your description
this swelling would seem to be an
angioneurotic edema, which may be
hereditary or may come on after
exhausting occupations, fright,
anxiety, grief, sudden exposure to
cold, certain kinds of food, and
slight hurts. It is not a serious
trouble. It disappears on removal
of the cause. 2. Either kidney or
heart, neither necessarily serious;
but see your doctor about it.

A BABY'S ERUPTION.

L. C. S. writes: My baby, six
months old, has a skin infection,
which had its beginning about ten
days ago; a small red spot on the
back of its neck, which I thought
was a mosquito bite. I bathed the

skin in boiled water with a little
lysol. It continued to spread and
other sores formed; small blisters
filled with water, until some were
large as a quarter piece. I have
been using a powder dissolved in
carbolized water; but the sores still
continue to form and spread. The
first ones are covered with a scaly
scab.

Answer: It is not always possible
to tell the nature of an eruption
from a description in a letter. The
trouble seems however to be eczema.
Water, except what is absolutely
necessary for cleansing, is not good
for eczema. Besides, your lysol and
carbolized acid solutions may be too
strong for your infant's tender skin.
Apply, on lint, the following salve,
which the druggist will make up for
you: Starch and zinc oxide, of each
half an ounce; vaseline one ounce.

et run they ever had. Secretary Dan-
iels spoke in Maine last week and he
opened the eyes of the people as to the
status of the navy. The state election
takes place today and probably we will
know the result tomorrow.

SQUARELY UP TO THE PRESIDENT.

(Republished by request from Railway
Age-Gazette.)
The Railway Age-Gazette said last
week that it was unconceivable that
the President of the United States
should have proposed to the railroads
that they should abandon their posi-
tion in favor of arbitration and grant
the demands of the train employees for
a so-called "eight-hour day." It seem-
ed inconceivable that the President
should do this, but it is now only too
well known that this is what he actu-
ally did.

The nation regarded first with sur-
prise, then with astonishment and
finally with absolute amazement, the
course taken by the President. If he
thought it to be generally popular he
has been rudely disillusioned. The
business interests have risen to the
situation and are backing the railroads
in their insistence on arbitration with
an outspokenness, an energy, and a
unanimity which has been surprising
even to railway men. Only a small
part of the press has endorsed the
President's course, and in a lukewarm
manner. On the other hand, a very
large part of the press is savagely de-
nouncing Mr. Wilson, and declaring
that by his abandonment of the prin-
ciple of arbitration he has dealt a
heavy blow to the cause of industrial
peace, which will tend to cause strikes,
lockouts and anarchy in every branch
of business.

The President denies that he has
betrayed the principle of arbitration.
But actions speak louder than
professions. The railroads repeatedly
offered arbitration, and the President
made absolutely no real effort to get
the men to accept it. The President
on the eight-hour day is sanc-
tioned by social progress and justice
and is not an arbitrary question. This
is sheer nonsense, and if it were not it
would have no application to the pre-
sented controversy. To say that the ques-
tion of an eight-hour day is not arbi-
trary when a day of that length has
been established in only a very small
part of the commercial and industrial
concerns of the country is absurd on
its face. Furthermore, what is more
important in this connection, the train
employees have not asked for a real 8-
hour day, and the acceptance of the
plan which the President has endorsed
would not establish an eight-hour day.
The plan of the employees which the
President has endorsed does not pro-
vide that no man shall work either
more or less than eight hours. It pro-
vides that if an employee works more
than eight hours he shall be paid over-
time for the excess hours, and that if
he works less than eight hours he shall
receive a full day's pay, anyway. Pre-
sident Wilson may appear to be a
man who has not learned by hearsay about
gunnery practice, torpedoes, subma-
rines and personnel can easily be found
in the reports and records of the de-
partment. They are at the disposal of
any Congressman or his secretary.
What really agitates Representative
Gardner's patriotic soul is that Senator
John W. Weeks's term expires March
3, 1918. Ever since Mr. Gardner en-
tered public life he has had to put up
with being Senator Lodge's son-in-law.
In Boston that distinction might be
satisfying to the ordinary person's
sense of social importance. But the
Gardners are some pumpkins in Massa-
chusetts, too, and Augustus P. has ex-
perienced the manly desire for some
sort of political notoriety on his own

applied to this, the greatest labor dis-
pute in the history of the world? The
President says he cannot secure arbi-
tration. Perhaps he cannot, now that
he has publicly endorsed the men's po-
sition in refusing it; but if he cannot
this probably is entirely due to his own
fault.
The Railway Age-Gazette believes
that not only the future of the rail-
ways, but to a great extent the in-
dustrial future of the United States has
been put at stake by the form this con-
troversy has been given by President
Wilson. It believes there is absolutely
no justification for giving these em-
ployees in train service higher wages
and then passing the burden along to
the public in the form of increased
rates. It believes there is absolutely
only one fair and just way for set-
tling this controversy and that is by
arbitration. It, therefore, believes that
the railway presidents and managers
should reject the President's proposal,
even though it seems probable that
this will result in a strike; and it be-
lieves that if a strike comes the chief
responsibility for it will rest on Presi-
dent Wilson. The President was in the
best position of anybody to avert a
strike until last Monday; and if he is
not now, it is because he abandoned the
strategic position which he then occu-
pied.

CURRENT COMMENT.

That the farmers will eventually
work out a process by which they
can get their cotton to the market
more cheaply, and more satisfactory
from every point of view is the belief
of the Progressive Farmer and we
see no reason in the world why there
should be any delay about it. Experi-
ments with the pooling method of
selling cotton have shown beyond any
question that this is a proper and ef-
fectual process of getting the staple
up to the market. The only essential
to its success is co-operation. This is
a spirit that does not prevail as ex-
tensively among the farmers as it
should. If some of the inner organi-
zation extended among the planters as
prevails among other business and
commercial interests, they would not
be classed among the followers of an
unfavored and downtrodden pursuit.
It is time the farmers were seeing the
multitude of advantages to be derived
from a co-operative system of selling
their products, not only the major
crop of cotton, but all other produce
of the fields. It is the coming thing.
—Charlotte News.

Secretary Daniels need not neglect
the duties of his office in order to look
after the education of Representative
"Gussie" Gardner. The Massachusetts
man knows all about the navy. He is
so well informed as he lets on. What
he has not learned by hearsay about
gunnery practice, torpedoes, subma-
rines and personnel can easily be found
in the reports and records of the de-
partment. They are at the disposal of
any Congressman or his secretary.
What really agitates Representative
Gardner's patriotic soul is that Senator
John W. Weeks's term expires March
3, 1918. Ever since Mr. Gardner en-
tered public life he has had to put up
with being Senator Lodge's son-in-law.
In Boston that distinction might be
satisfying to the ordinary person's
sense of social importance. But the
Gardners are some pumpkins in Massa-
chusetts, too, and Augustus P. has ex-
perienced the manly desire for some

TO REQUIRE TWO MEN ON THE STREET CARS

With Exception of "Dead End" Lines in Suburbs.

City Council Accepts Recommendation of Special Committee and Adopts Proposed Ordinance by Unanimous Vote.

While two score citizens, practically all of them being laboring men or their representatives, stood about the hall as interested spectators, City Council by a unanimous vote last night adopted the proposed ordinance prohibiting the operation of street cars without two men in charge in Wilmington with the exception of several "dead end" lines in the suburbs. This action followed the final report of the special committee that after the most careful consideration it had reached the conclusion that the operation of the one man system, with the exception of the lines specified, would not be in "the interest of public safety, comfort or convenience."

The lines exempted are those on Red Cross street, east of Fourth; Third south of Wright, and on lines east of 17th street and for a train consisting of two or more cars coupled together, which should be considered as one car.

Councilman McCaig called attention to the fact that in the winter certain suburban cars on the beach line are operated by the Tidewater Power Company with one man for the special convenience for those living in the suburbs, such as Winter Park, particularly one that runs at noon for the accommodation of railroad employees, which he thought ought to be exempted.

He pointed out that it customary for these cars to stop after leaving the city until the motorman can collect the fares.

However, as no solution of this question could be arrived at, it was finally decided to pass the ordinance as it had been submitted by the committee by Capt. Thos. D. Meares, city clerk and treasurer, was instructed to include in the minutes a record that any undue hardships that might result from the enforcement of the ordinance would be dealt with by Council as they arise.

The report of the special committee which was composed of Councilmen W. F. Jones, chairman, and W. J. Bradshaw and L. M. Burnett, was submitted by the chairman.

One-Man System Unnecessary. This report pointed out that while the investigations of the committee had been pursued with the utmost reference to the public safety, it had been thought wise to consider the matter as far as possible from the standpoint of the company operating the cars and that to this end the municipal side had been gone into. While the representatives of the company, the report states, declined to furnish any information relative to the financial affairs of the corporation, forcing the committee to rely upon the last published report of the company to the North Carolina Corporation Commission, the committee was unable to find that the financial affairs of the company are such as to necessitate the one-man system.

As to conditions in other cities, where the one-man cars are operated, the committee found them to be no different as to furnish no dependable criterion for the local situation.

Following the reading of the report of the committee and the proposed ordinance by the city clerk and treasurer, Councilman Bradshaw moved the adoption of the measure and it was seconded by Councilman Jones. All the Councilmen voted in favor of it and while Councilman Merritt, who as mayor pro-tem presided in the absence of Mayor Moore, had no vote, he signed the ordinance and let it be known that he favored it.

J. Felton Head, Esq., who has represented the Wilmington Trades Council in the various hearings that have been held, then presented to the members of the committee for the very courteous treatment that had been accorded the representatives of the laboring interests and for the patience with which every detail had been gone into.

Council took up the question of passing an ordinance upon a petition being presented a month ago by the Wilmington Trades Council, requesting such action. Many representatives of the Trades Council were present last night but none of the officers or representatives of the Tidewater Power Company were in attendance at the meeting.

The ordinance adopted last night, which became effective in ten days, is as follows:

"Ordinance amending Section 565 of the Ordinances of the City of Wilmington as Revised in 1913.

"The Council of the City of Wilmington do ordain:

"That Section 565 of the ordinances of the City of Wilmington as revised in 1913 be, and the same is hereby amended by adding thereto as follows:

"No electric car, while carrying passengers, shall be operated within the limits of the city by less than two operators, to-wit, a motorman and a conductor.

"This ordinance shall not apply to the operation of cars on Red Cross street east of Fourth street, on Third street, south of Wright street, nor on lines east of the western line of 17th street.

"For the purpose of this ordinance a train consisting of two or more cars, when properly coupled together, shall be considered as one car.

"This ordinance shall be in effect from and after ten days after its passage.

Adopted August 28, 1916.
W. F. JONES,
W. J. BRADSHAW,
L. M. HUNTING,
R. A. MERRITT,
W. D. McCAIG.

The Committee's Report. The final report of the special committee, submitted last night, follows:

"To the Mayor and Council of the City of Wilmington:

"The undersigned, to whom the Council referred as a committee the proposed ordinance relating to the operation of street cars within the city while carrying passengers by not less than two men, respectfully report:

"Since our former report and in obedience to the directions of the Council the committee has pursued its investigation with reference to the advisability of the proposed ordinance. This in-

PLAN CO-OPERATIVE STORE

New Enterprise Being Organized in Wilmington Will Be Strictly Sanitary in Every Particular.

The latest link to be welded into the chain of strongholds that has been formed to combat the advances of H. C. L., is the Co-Operative Grocery Company, now in a process of organization that will, when fully organized, occupy the building at Fifth and Red Cross streets, formerly occupied by the Payne Drug Company.

"We intend to give Wilmington a grocery store, that for service, cleanliness and quality will be second to none in the South," said Mr. M. B. Cavanaugh, one of the promoters of the enterprise, last night. The proposed capitalization of the concern will be \$10,000, about \$3,750 of which has already been subscribed. Shares will be sold for \$1.00 each, and no one will be allowed to own more than 25 shares. This plan will prevent any one stockholder from pooling his stock and getting control of the corporation.

The company will be in charge of a president, who is to be elected by the stockholders, a board of directors, and a general manager and an auditor, elected by the directors. Each employee who holds any position of trust will be placed under a bond sufficient to protect the corporation from loss.

Another feature will be the adoption of the Story system of Accounting, a method by which all the business transacted during the day, including the amount taken in, and the quantity of goods sold will be shown at the close of the day's business. This is another one of the safe guarding methods that will be used in the new enterprise. The store will be governed by practically the same principles, it is stated, as are used by the railroads.

Goods will be sold at cost plus the cost of operation and it is claimed that at least 33 1/3 will be saved. The company will depend principally on the working people, who will also be the principal stockholders for support. A meeting of the promoters will be held tonight at which time plans for a permanent organization will be made.

According to Mr. Cavanaugh, this store will be strictly sanitary in every particular. Meats will be kept in porcelain receptacles and will be delivered to the customers in waxed papers. The water will be absolutely free from dust and germs, and cleanliness is to be the motto of the store. A full line of groceries and country produce will be carried.

IN RECORDER'S COURT.

Two Ducky Citizens and One White Man Fined Yesterday.

Andrew Evans, a gentleman who lays claim to being of African descent, was the principal sufferer in the Recorder's court at yesterday morning's session. Andrew was convicted on two charges, the first being entered on the blotter as disorderly conduct, or in plain English, coloring the evening atmosphere with the latest and most choice cuss words a few night ago, while in the second it was alleged that he declined to accept a cordial invitation to ride down to the station house in company with Police H. G. Bullard, and being so emphatic in his refusal that it was necessary to rap him on the dome of his thoughts with a night stick.

Of course, according to his own version, he wasn't in the remotest sense of the word guilty. He said that if he had known Mr. Bullard was an officer that he would have come along without trouble, but for some reason he insisted that he didn't know it, even though Mr. Bullard was in full uniform. Recorder Emple was inclined to treat him leniently and taxed him with the costs and a small fine, but the defendant didn't have the necessary financial resources to pay them, so he was given a total vacation of 90 days on the roads in default.

George Foreman, another offender with the mark of Ham on his brow, drew down \$25 and costs for an alleged violation of the prohibition law. Although he indignantly protested that he was a law-abiding citizen, it transpired that when Officers Lewis and George paid him a little visit Saturday night they found a trifle over a gallon of tangfoot, George's wife couldn't stand to see the officers seize the stuff, so she grabbed a quart of it and attempted to drink it, but she dropped the bottle and spilled the contents. One witness was produced who testified that he had purchased half a pint from George, so Recorder Emple found him guilty. Some delay was caused in making his report on account of the results of the negro's fright.

The only other case worthy of mention was that of Mr. Lawrence Keith, who paid the costs for a violation of the hitching ordinance.

RECRUITING STATION MOVED FROM HERE TO LUMBERTON

Unusual Number of Enlistments Given as Reason for Change.

Effective September 1, the recruiting station of the United States army, which has been in Wilmington since January 1, will be moved to Lumberton. Corporal B. F. Tracey, who has been in charge of the local office, will move his headquarters to the Robeson capital and will assume charge there.

The reason for the moving of the station is the fact the young men in the Lumberton section have been showing an unusual interest in military affairs, and an average of 20 men have enlisted from Lumberton every month as against four from Wilmington. There will be no regular recruiting office in Wilmington, hereafter, but there will be an officer on duty here about two days out of each month.

EXCURSION HERE YESTERDAY.

A. C. L. Brings Crowds from Kinston and Hartsville.

An excursion of 16 cars, operated over the Atlantic Coast Line from Kinston and Hartsville, S. C. brought a crowd of approximately 300 people to Wilmington and Wrightsville Beach yesterday. The greater portion of the visitors were colored, who were probably attracted to the city on account of the baseball game between the Wilmington All Stars and Raleigh. On account of the large number of passengers on the excursion yesterday, a portion of the overflow crowd was brought into the city on the regular passenger train, No. 54. It was stated that at some of the stations the officials were forced to refuse admission to would-be passengers on account of the fact that they held no health certificates.

The train arrived in the city shortly after 1 o'clock, and departed last night about 9 o'clock.

HOUSEWIVES' LEAGUE SILENT

Women's Organization Has Nothing to Say on Six Cent Loaf—No Objection Expected.

Although the six-cent loaf made its appearance in Wilmington yesterday according to schedule, the Housewives' League has not as yet made any official announcement as to its probable attitude toward the advent of this new priced bread. The Housewives' League will be more vitally affected by the rise in price of this commodity than will any other organization in the city, and the attitude it assumes will be watched with interest.

Speaking entirely from their personal opinions and observations, two prominent members of this League stated last night that they see no reason for the league to combat this latest move of the bakers. In view of the fact that the wheat market was unusually high, they were of the opinion that the bakers were justified in making the increase. However, as a club, they will make no move nor express any opinion until they have thoroughly investigated the matter.

A meeting of the League will be held at an early date at which time the bread situation will be thoroughly threshed out. Should the wheat market drop, and the price still remain up, it is highly probable that the League will again take the same objections that were put up against the six-cent loaf in 1914, when it was claimed that the bakers were making a sufficient profit on the five-cent loaf. The present condition of the wheat market has, however, made a considerable change in the situation from that of 1914, and until there is a change in the market, it is a safe assumption that the six-cent loaf will be accepted without challenge.

The wheat market yesterday, however, took a sudden drop, brought about principally by the fact that Rumania has declared war on Austria. Last night's quotations indicated that the fall was in the neighborhood of ten cents on the bushel. This may be the means of bringing the price of bread down to the ordinary figure again. Should this depression in the market last and the price of bread remain up, it is expected that the Housewives' League will be heard from.

DRUM CORPS PLEASED

Gastonia Pythians Would Return to Feast of Lanterns.

That the Gastonia Pythian Drum Corps were pleased by their reception in Wilmington during the recent Feast of Lanterns, is evidenced by a letter received by Mr. H. E. Bonitz, from Mr. R. G. Cherry, president of the corps.

"The measure of service rendered your committee by the Drum Corps in making the Feast of Lanterns a success, and whatever of pleasure afforded the visitors of your celebration, by our appearance, can in no terms equal the pleasure derived by the individual members of our corps from mere knowledge of having served you satisfactorily." This is a part of Mr. Cherry's letter. He also intimated that the corps would be glad to return next year.

MR. BIDDLE HURT.

Was Rendered Unconscious by Fall From Freight Car.

While supervising the loading of a freight car with large boxes of goods salvaged from the stock of Mr. J. W. H. Fuchs, recently damaged by fire, Mr. R. A. Biddle was rendered unconscious and seriously injured about the back by a fall from the box car, about 1 o'clock yesterday afternoon. The injured man was removed to his home, No. 606 Castle street, where he was treated by Dr. Houston Moore.

At the time of the accident the car was being loaded on W. 1st street, near the rear of the Kenny store. Mr. Biddle was on the inside of the car and in attempting to dodge a 300-pound box which came near to falling on him in the process of being lowered out of the door opposite the one from which the boxes were being placed in the car.

GOES BEYOND HIS DEPTH

Bather at Lumbum Has Narrow Escape Sunday.

While bathing in the surf at Lumbum, Sunday afternoon, Mr. James Hondros, who is employed at the New York Cafe, had a narrow escape from drowning. Mr. Hondros was in some manner carried beyond his depth, and being a poor swimmer, he was almost exhausted before he was rescued.

His cries for assistance were heeded by the other bathers nearby who formed a line and dragged him to the shore. He did not swallow any water, so he was able to return to the city unattended. He was forced, however, to remain in bed recuperating yesterday.

AGENTS HOLDING MEETING.

Mr. D. H. Howes, Jr., Attending Annual Gathering in New York.

Mr. D. H. Howes, Jr., is attending a meeting in New York of the agents of the Equitable Life Insurance Co., who have written \$100,000 or more of insurance during the past year. Agents from all sections of the country are in attendance at the meeting which will continue for several days. While in New York the agents are the guests of the company and are being entertained in royal style.

Mr. Howes left Saturday afternoon for New York and will visit his father while in New York.

Real Estate Transfers.

The following deeds were filed for record yesterday were: F. J. Gooding and wife to George T. Keon and wife, for \$5 and other considerations, lot on the southwest corner of Seventeenth and Orange streets, 40 by 107 feet in size; Kinsey Hobbs and wife to F. J. Gooding and wife, for \$100 and other considerations, the same lot; George H. Hutaff and wife to George Ward and wife, for \$10 and other considerations, lot at Love Grove; W. L. deRosier and wife to Lina deRosier, for \$100 and other considerations, lot on the south side of Ann street, 165 feet east of Third, 37 by 66 feet in size; George Ward and wife to Charles E. Riney & Co., for \$10 and other considerations, lot at Love Grove; Wilmington Beach Corporation to R. B. Brady, for \$1 and other considerations, lot at Wilmington Beach.

GAUGING MOLASSES BIG JOB

Officials of Wilmington Custom House Busy Determining Import Duty on Big Cargo.

Measuring a cargo of molasses or in the language of the government authorities gauging the contents of 1,350 puncheons and 500 barrels of liquid fluid is one of the incidental duties of the employees of the Wilmington custom house officials that is keeping them busy these hot days. By way of explanation it should be stated that the cargo of molasses arrived last week from the Barbados, British West Indies, in the schooner Edwin G. Farrar, having been imported by the C. C. Covington Co.

The schooner has completed discharging its cargo at the large warehouse of the C. C. Covington Company at the foot of Paralely street near Hilton. Practically the entire floor space of the big building which is 325 feet in length and 130 feet wide, is covered with the big puncheons, each of which contains two barrels of the best quality of molasses. While the government has not completed its task of gauging the cargo, the total shipment will be more than 140,000 gallons.

This is the second cargo of molasses from the West Indies to be imported by the Wilmington concern this year and another will be brought at an early date. It will be distributed by the wholesale and retail dealers out North and South Carolina, Georgia and Virginia.

Each puncheon or barrel is gauged separately by the government employees this being done by determining the diameter, and the length of the vessel and also by finding out whether or not it is full of the fluid. From these figures the calculations are made. To go through an entire cargo is no easy job in hot weather but Deputy Collectors T. L. Vines and W. S. Clayton and Inspector S. F. Highsmith are making good progress and will have the work completed shortly. The total duty on the cargo will be more than \$3,000.

The last cargo of molasses brought to Wilmington by Mr. C. C. Covington only a few weeks ago was much larger and totaled the government a revenue of approximately \$5,000.

CHARLIE WANTS CHANGE.

His Housekeeper Doesn't Fill the Bill, So He Decides to Eject Her.

Charlie McMillan, colored, applied to Justice Bornemann yesterday for papers to force one Hattie Burns to move her place of abode. He said that as he had no family he had hired Hattie some three years ago to keep house for him, prepare his meals, and perform other household duties. Things went smoothly until a short time ago when he alleges that Hattie decided that all work and no play would make her a dull woman, so she began to shine in "society," with the result that Charlie's meals were neglected.

He told her that she had better take her cabin for some three years, Hattie did not have the slightest idea of giving up possession of her home, but she remained contemptuously silent. As a last resort he applied to "Judge" Bornemann for relief. The "Judge" issued the desired papers and it is probable that a new face will appear by Charlie's bedside in the near future.

MR. RUFULUM MUST GO

Chamber of Commerce Determined to Rid City of His Presence.

The Wilmington Chamber of Commerce is determined to relieve the city of the presence of one Mr. Romaleum Rufulum, and to that end, president M. W. Jacobi has written a letter to Senators Simmons and Overman, and Congressman Godwin, asking that a government expert be sent to Wilmington to devise some means of assisting in the gentleman's departure. Don't get confused about this. The Chamber of Commerce is not attempting to run some Abyssinian prince out of the city, and neither is Romaleum Rufulum the name of the latest movie star, nor yet the nom de plume of a novelist. He is a matter of fact an insect that makes his living boring into oak and elm trees, and is commonly known as the round head borer, and he has been considerably active in Wilmington of late.

The Tree and Park commission of the city is in need of an expert to assist them in their work, and it is to be hoped that the Bureau of Entomology will send one down.

TO INVESTIGATE FERRY

Chamber of Commerce to Look Into Alleged High Night Charges.

At a meeting of the committee on Bridges and Roads of the Chamber of Commerce, yesterday afternoon, a motion was carried authorizing the chairman to investigate the alleged charges made by the operators of the Cape Fear Ferry after 9 o'clock at night.

It has been alleged that after 9 p. m. the ferry people charge double fare, this margin going to the operatives, and not to the management. The ferry management has not been able, so the rumor runs, to make expenses after 9 o'clock, and turned it over to the employees who operate it for what they can make out of it.

A report will be made at the next meeting of the committee.

MAYOR MOORE LEAVES

Wilmington Executive Goes to Baltimore and Other Points.

Mayor P. Q. Moore is in Baltimore, where he is visiting his wife for a few days before going to Newark, N. J., to attend the convention of the National Association of Mayors, which will meet there September 7, 8 and 9.

From Newark Mr. Moore will go to Philadelphia to attend a meeting of the Atlantic Deep-sea Water Congress, to which he was commissioned a delegate by Governor Locke Craig. Mr. Moore will return to Wilmington about the middle of September. Mrs. Moore who is at present near Baltimore, recovering from a recent illness, will probably accompany her husband home.

CARGO OF PYRITES.

British Steamer Grantley Arrived in Port Yesterday from Pomeroy.

The British steamer Grantley, 1,154 tons, Captain Meldrum, master, arrived in the port of Wilmington yesterday with a cargo of pyrites from Pomeroy for the Navassa Guano Company. The vessel is consigned to Alex. Sprunt & Son, agents.

The barge Bohansey, Captain Hobbs, in tow of the tug Virginian, cleared light for Georgetown yesterday.

The Wilmington Savings & Trust Company

110 Princess Street

Over Two Million Eight Hundred Thousand Dollars Strong.

TO ORGANIZE NEXT WEEK.

Meeting of Stockholders of Community Savings & Loan Co., Postponed.

On account of a provision in the State law requiring that a notice of seven days shall be given stockholders in order to hold a meeting, the organization of the Community Savings & Loan Company has been postponed until next Tuesday afternoon at 4 o'clock. As already announced, the new banking institution will undertake to furnish small loans at a reasonable rate of interest and will allow them to be paid back on the installment plan.

A meeting of the stockholders was called for yesterday afternoon, but it was later discovered that it could not be held legally and was, therefore, postponed until next Tuesday afternoon.

Mr. Harvey M. Dickson, of Norfolk, Va., who has been in the city for several days in the interest of the new

enterprise, returned home yesterday afternoon but will return later.

SOCIAL and PERSONAL

Miss Helen Hand, of Chadbourn, was among the guests of the Orton yesterday.

Mrs. C. D. Koonce, of Chadbourn, was in the city yesterday, a guest at the Orton.

Miss Gladys Brittain has returned from a visit of several days to friends in New Bern.

Miss Celia Quinlivan arrived this morning from New York, and will spend some time here as a guest at the home of Mrs. Dan Quinlivan.

Mrs. J. S. Pryse and little son, Thomas, left yesterday morning for Fayetteville to spend a few days visiting relatives.

Mrs. E. T. Jewell and son, Master William Jewell, of Wadesboro, are visiting Mrs. Jewell's brother, Mr. K. W. Jewell, Sr.

Yesterday's Raleigh News and Observer: "Miss Vivian P. Betts returned yesterday from Wilmington where she has been visiting."

Miss Carrie Parham and Master Herman Parham, of Lumberton, returned home yesterday morning after spending the week-end with relatives in the city and at the beach.

Miss Jessie Harper, who has spent the past three months visiting friends in Baltimore and Goldsboro, has returned to this city. She was accompanied home by Miss Emma Jeffries, of Goldsboro.

Rev. W. V. MacRae, pastor of Trinity Methodist church, who has been away for the past month on his vacation which he spent at his old home at McFarlan and at Lake Junaluska near Waynesville, returned one last night.

Miss Roselle Dittmore and Miss Elizabeth Thames, of the Y. W. C. A. Recreation Club, visited the Robert Strange playground yesterday afternoon and told stories to and played games with more than a score of boys and girls.

Rev. J. D. Larkins and family, of Cedarhurst, Ga., and Miss Carrie Larkins, of Atlanta, Ga., are visiting Mr. Larkins' sister, Mrs. G. B. Smith, at Winter Park, and his brother, Mr. Linton Larkins, at Seagrove. Mr. Larkins preached a very helpful sermon Sunday night to a large congregation at the Baptist church at Winter Park, his subject being "The Challenge of Yesterday."

MR. HENRY REID HUNTER WEDS

MISS PAULINE IOLA PERRY.
Kinston, N. C., Aug. 28.—The following announcement has been issued here: "Mrs. Priscilla Edmon Perry announces the marriage of her daughter, Pauline Iola, to Mr. Henry Reid Hunter, on Saturday, August 26th, 1916, Kinston, North Carolina. At home after September 8th, Atlanta, Ga." The announcement was a surprise to many friends of the couple in the city and state. The marriage took place at the home of Mr. R. E. Bland, 509 East Lenoir avenue, in the presence of a few friends, and was a quiet affair. Rev. E. N. Harrison, pastor of Caswell Street Methodist church, officiated. The bride is a teacher, and for a number of years was a member of the faculty of the LaGrange graded school, of which institution Mr. Hunter was the superintendent from 1912 to 1914. The bridegroom is a native of Duplin county, and was born near Warsaw. Both Mr. and Mrs. Hunter are graduates of Trinity College, and it was there that they first met and Cupid wove his thread. Professor Hunter is now at the head of the School of Technique, Atlanta, where he has been since leaving LaGrange.

CHILDREN GIVE DELIGHTFUL ENTERTAINMENT AT WARSAW

Warsaw, N. C., Aug. 28.—Interest for several weeks has centered in the play and operetta given for the benefit of the Children's Chapter, U. D. C., in the school auditorium, on last Friday evening. A large number of the homes of the town were represented by the performers filling the different roles, these being about 40 children from three to 16 years of age included in the cast of the operetta, "Mother Goose's Garden," and rarely has a stage presented a lovelier sight than this one did when it was filled with the quaint Mother Goose characters and the human flowers of many different kinds in crepe paper costumes of every imaginable color. All performed their parts well, the songs reflecting the excellent training they had received. The play, "Camp Fire Girls," was one of strong dramatic action, and the roles, which were well given, showed talent remarkable in girls of the age of the actors, these being for the most part from 10 to 15 years. Special mention should be made of Miss Aldine Best, in the comic role of "Mrs. Bacon, Boarding-House Keeper," who, as usual, was inimitable in her acting. Evelyn Anderson as "Peg," had the heavy part, and played it with a quiet grace, and a child of 12, was "Miss Molly Mealey," was simply marvelous in her impersonation of an old maid, comparing favorably with many professionals of wide experience. The other members of the cast included Julia Ricks, Fannie Monroe, Williebell Jordan, Cora Holland, Elizabeth Anderson, Annie Lee Adkins, Lois Best, Martha Best and Marjorie Carroll. Mrs. Clarence Brown was musical director, which fact was an assurance in itself of a successful rendition of the songs. The dramatic training was in charge of Mrs. C. P. Carroll and Miss Sallie Hill as directors. A large and appreciative audience was in attendance and a large amount was realized for the benefit of the chapter.

Forest Hills, N. Y., Aug. 28.—Rain and wet courts interfered with opening play in the 36th annual tennis singles championship tournament at the courts of the Westside Club today. But four of the 64 matches were played and these only with teams in the championship match that might have tomorrow to develop entirely to the contest for the doubles title.

The event of the season! Opening Harbor Island Auditorium tonight, 8:45 p. m. Come and enjoy a delightful musical entertainment and see the finest building of its kind in the State. Excellent seating arrangements. Acoustics perfect.

MAY PARK AUTOMOBILES NOW

Council Suspends Much Controversial Traffic Ordinance—No Extension of Water Main Possible Now.

After September 1st automobilists will be allowed to park their cars on Front and Princess streets and Wilmington will once more assume the aspect of a real metropolitan city. This will be an announcement that will come as a great relief to many and sundry real estate men, having offices on Princess street, and to many merchants on Front street and has been made possible through the suspension of the ordinance which prohibited the parking of cars in the congested district. Councilman Hall, in charge of the department of public safety, is moving for the suspension of the ordinance at the regular weekly meeting of City Council last night, stated that the congested conditions caused by the heavy traffic in the summer were now relieved to such an extent that he felt that the parking of cars in the downtown business districts could be allowed.

Last night's session was entirely devoid of exciting features and was marked by decorum and good order. Councilman Merritt, mayor pro tem, presided in the absence of Mayor Moore, who is out of the city on his vacation. All the members of Council, including Councilmen McCaig, Jones, Bunting, Hall and Bradshaw, were present. City Attorney Robert Ruark was also back at his station after an absence of ten days on his annual vacation. Capt. Thos. D. Meares, city clerk and treasurer, kept a record of the proceedings.

Upon motion of Councilman W. D. McCaig, Council authorized the borrowing of \$50,000 for four months at 4 1/2 per cent to meet current expenses until the collection of taxes is more active. Regarding the extension of water mains to the plant of the Wynnewood Lumber Co. and other enterprises in the northeastern section of the city, the finance committee reported that after a thorough investigation it had been found that the proposed improvement would cost about \$5,000 and recommended that in view of the present high cost of pipe that the matter be kept in mind and the work done as soon as possible. However, it was the opinion of the committee that while the improvements which were asked for some time ago, are much needed at the present time it would not be possible to undertake the extension. The finance committee recommended an extension of sewerage facilities at the Bellville cotton mills which will cost \$152.

Councilman W. J. Bradshaw called attention to a report he had received of the finding of a baby of premature birth in a trash barrel that had come from the James Walker Memorial Hospital. He thought that it ought to be looked into and the city clerk and treasurer was directed to address letters to the health department and also to the directors of the hospital. He did not think that the incinerator was the proper place to burn anything of that kind as he had understood had been the case in the past.

PERSONAL PARAGRAPHS

—Rev. O. W. McManus, of Gibson, is here for a short visit to his brother, Mr. M. T. Y. McManus.

—Friends of Mr. M. J. Klavans, who has been ill for several days, will be glad to know that he is able to be out again.

—Mr. Michael Quinlivan, who has been visiting his brother at Wrightsville, has returned to his home in New York city.

—Among the arrivals at The Imperial yesterday were: J. E. Wells, Monroeville; J. E. Robinson, Supply; O. L. Barnes, Wyanahish.

—United States District Attorney J. O. Carr left yesterday afternoon for Wilson to appear today before Judge H. G. Connor in connection with several delinquent matters.

—Among the arrivals at The Orton yesterday were: J. R. Hardy, Wilson; K. Barrett, Rocky Mount; W. M. Proulx, Emmett; Fayetteville; J. W. D. H. Pait, Edgewater; J. R. Packard, Fayetteville; George Maeshall, Acme.

—Among the arrivals at The Wilmington yesterday were: W. C. Meredith, Hamlet; Claude Kiser, Greensboro; H. C. Long, Charlotte; A. M. Sinclair, Charlotte; R. C. Kornegay, Lumberton; T. E. Lindsay, Durham; J. R. Van Muller, Four Oaks.

IS INSPECTING DISTRICT.

Lieut. Col. William V. Judson, U. S. Division Engineer, here.

Lieut. Col. William V. Judson, in charge of the Eastern Division of the Engineering Corps of which the Wilmington district is a part, arrived in Wilmington yesterday for the purpose of making a tour of inspection over the entire district. Accompanied by Capt. C. S. Ridley, U. S. Engineer in charge of the district, and Assistant Engineer R. C. Merritt, in charge of the improvements on the lower Cape Fear, Colonel Judson went down the Cape Fear yesterday afternoon. Today in company with Captain Ridley, will make a trip up the Cape Fear, and later in the week will visit the Harbor of Refuge and other improvements now under way in the eastern part of North Carolina.

The event of the season! Opening Harbor Island Auditorium tonight, 8:45 p. m. Come and enjoy a delightful musical entertainment and see the finest building of its kind in the State. Excellent seating arrangements. Acoustics perfect.

—THE—

CANDY OF EXCELLENCE.

5 N. FRONT STREET

Wrightsville Beach

Yesterday's Greensboro News: "T. R. Wall has gone to Wrightsville Beach for a stay of a few days."

Mrs. L. N. Cromartie and daughter, Miss Mary West Cromartie, returned to their home at Elizabethtown yesterday afternoon after having spent some time at the beach at the Parsley cottage.

Among yesterday's arrivals at the Oceanic Hotel yesterday were O. K. DuBois, St. Louis; A. L. Smith, Asheville; R. R. Patterson, Wagram; W. Jones, Greensboro, and L. B. Covington, Cincinnati.

Among yesterday's arrivals at the Seashore Hotel were Mrs. Julia M. Thomas, Greensboro; C. E. Allen, Charlotte; Messrs. D. H. Pass, Max Pass and Miss Florence Pass, Dillon, S. C.; H. H. Floyd, Evergreen, Ala.; M. Z. T. Williams, Evergreen; and L. T. Jennings, Philadelphia.

Professional and amateur fishermen at the beach are moving their boats and nets from points on the sound and elsewhere over to the ocean beach preparatory to conducting operations against the large schools of September mullet, which have already begun to arrive in local waters.

PRICES BEGIN TO SOAR

On Various Kinds of Provisions in Local Markets, While Vegetable Season Closes Month Early.

With the vegetable season practically at an end a month earlier than usual eggs retailing at 40 cents a dozen, bread selling for 6 cents a loaf and porterhouse and sirloin steaks retailing at from 30 to 35 cents a pound, Wilmington householders are likely to be confronted with grocery and meat bills for September that will bankrupt the family exchequer.

If there is anything cheap in the way of provisions to be found in the local markets, a city-wide canvass of the situation by a representative of The Star failed to disclose it. One retailer when asked whether he carried anything which could be bought cheap, replied that sweet potatoes are, but as he added they are bringing \$1.25 a bushel, there may be two opinions on the subject. Sugar is bringing from 9 to 10 cents a pound retail. In the meat line, pork, which is about as cheap as anything else, brings 21 to 22 cents a pound. Even a good chuck steak costs 20 cents a pound.

One retail dealer declared that in the many years in which he has been in business in Wilmington he had never before known vegetables and meats to be so high as they have been for the last few days. As to the scarcity of eggs, it was pointed out that this is the moulting season for hens and they cannot be expected to do much in the way of laying until the moulting season is over about September 10. Whether this actually explains anything except as to the scarcity of fresh eggs is doubtful, according to another dealer, as there should be an abundance of cold storage eggs on the market.

According to leading produce journals there have been wild egg speculations in Chicago and other big markets. Nearly 1,000 carloads of eggs are being held by the food gamblers of Chicago in the hope that prices will be still higher. Of the hundreds of carloads of eggs which have changed hands within the last few days, only a very small percentage have been sold to consumers. The operators have made big money and those to whom they have sold, are holding out for still higher prices.

As to the price of bread, according to statements made by Hon. Henry T. Rainey, of Illinois, when the matter was up for discussion in Congress a few days ago, Mr. Paul Schultz, the executive head of one of Chicago's largest baking concerns, seemed to be at the head of a movement in this country to increase the price of bread. Mr. Rainey declared that Schultz in a recent interview gave out the information that bakers throughout the country are preparing to act concertedly in advancing the price of a five-cent loaf of bread to six cents. This interview is alleged to have been given out August 18, 1917. Since that time, the price has been raised in many cities of the country, including Wilmington.

FAMILY AVOIDS

SERIOUS SICKNESS

By Being Constantly Supplied With

Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little sick I give them for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

N. C. 123

PROGRAMME FOR LABOR DAY

To Be Carried Out at Wrightsville Beach and in Wilmington Will Be Most Elaborate Attempted.

The complete programme which will be carried out at Lumina, Wrightsville Beach, on the afternoon of Labor Day, September 4, under the auspices of the Wilmington Trades Council has been arranged, and according to Mr. J. H. Curtis, chairman of the committee on arrangements, every feature of the day will be staged in a more elaborate manner than has ever been attempted before. The parade of the various labor, fraternal, civic and military organizations, through the streets of the city, on the morning of Labor Day, will be participated in by more than 1,000 persons.

The programme at the beach in the afternoon and evening will wind up the celebration. The ceremonies in the afternoon will be marked by the oration of the day by Mr. James F. Barrett, of Asheville, a prominent State labor leader. The addresses of welcome will be delivered by Mayor Thos. H. Wright, on behalf of Wrightsville, and by Robert Ruark, Esq., on behalf of Wilmington. Mr. L. Riordan will introduce the orator of the day. Mr. J. H. Curtis will be master of ceremonies.

In addition to the addresses there will be an elaborate programme of track, aquatic and other events. In the evening and in the late afternoon there will be dancing at Lumina for those who prefer this form of diversion. In this connection, it is announced, that the dancing numbers will be made up largely of old-fashioned dances.

An attractive musical programme will be carried out on a larger scale than has hitherto been attempted. In addition to many selections by Don Richardson's famous orchestra, there will also be a fine programme of vocal music. This will include selections by a special mixed quartette consisting of Mrs. George S. Boylan, soprano; Mrs. W. B. Muse, contralto; Mr. C. L. Schulken, tenor; Mr. W. B. Muse, bass. Miss Cannie Chastain will be the accompanist for the quartette. A tenor solo will be rendered by Mr. Schulken, a bass solo by Mr. Muse, and a duet by Mrs. Boylan and Mrs. Muse.

FUNERAL AT MAGNOLIA

Remains of Mrs. Dela Brown Brought Home From Wilson for Burial.

(Special Star Correspondence.)
Magnolia, N. C., Aug. 28.—The remains of Mrs. Dela Brown arrived here from Wilson on the 8 o'clock train this morning. Mrs. Brown had been visiting her brother at Wilson. She died suddenly of heart failure Sunday morning at 8 o'clock. She leaves one small child and two brothers, Mr. R. M. Wilson, of Wilson, and Mr. Eby Wilson, a member of the State Guard now stationed at Camp Glenn. Mrs. Brown was the daughter of Mr. P. G. Wilson, a farmer who lives about two miles from here. The funeral was held at the Methodist church this morning at 9:30, Rev. R. F. Munns officiating.

Chicago, Aug. 28.—Heinie Zimmerman, third baseman, was traded by the Chicago National League club tonight to the New York Giants for Larry Doyle, captain of the New York team, Hunter, a first baseman, and Jacobsen, an outfielder.

Would your skin stand this test?

The bright lights of an evening gathering show up mercilessly the defects of a poor complexion. But the regular use of

Resinol Soap

makes it as easy to have a naturally beautiful skin as to cover up a poor one with cosmetics. It lessens the tendency to pimples, redness and roughness, and in a very short time the complexion usually becomes clear, fresh and velvety.

In severe or stubborn cases, Resinol Soap should be used at first aided by a little Resinol Ointment. All druggists sell them.

Men with tender faces find that Resinol Shaving Stick prevents irritation.

FAMILY AVOIDS

SERIOUS SICKNESS

By Being Constantly Supplied With

Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little sick I give them for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

INDIA TEA

Welcome alike to
Robust
Soldiers
and Worn
Invalids

J. F. Bleyer, in charge of some of the dogs trained to search out the German wounded, was reported in the Cologne Gazette to have thus described an incident in his work. He found a wounded man who had lain unattended for two days: "I immediately gave him a swallow of cold tea."—News Item.

India Tea hot or cold is the most refreshing

Would your skin stand this test?

The bright lights of an evening gathering show up mercilessly the defects of a poor complexion. But the regular use of

Resinol Soap

makes it as easy to have a naturally beautiful skin as to cover up a poor one with cosmetics. It lessens the tendency to pimples, redness and roughness, and in a very short time the complexion usually becomes clear, fresh and velvety.

In severe or stubborn cases, Resinol Soap should be used at first aided by a little Resinol Ointment. All druggists sell them.

Men with tender faces find that Resinol Shaving Stick prevents irritation.

WE ONLY ASK A TRIAL

If it so happens that you are not a regular customer of ours, we suggest that you divide your purchases with us, and try our method of doing business.

THEATRICAL

Today the Bijou presents the sixth chapter of the serial wonderful, "Peg o' the Ring" starring those two greatest of all serial favorites Francis Ford and Grace Cunard in the leading roles. The sixth great chapter of this stirring serial contains more great acting by these two stars than you have ever before seen in two reels of photoplay and the most stirring action all the way through that has been seen in any episode of the five that has already been shown.

You who have not yet begun to follow the adventures of "Peg o' the Ring" should not hesitate a moment longer, for there is some of the biggest treats in store for those who follow the remaining chapters than have ever been dashed on a screen. Two reels of thrills are promised everyone today in the sixth great two-reel chapter.

After "Peg o' the Ring" today comes a rousing two-reel dramatic feature, "The Highway of Fate," a stirring human interest drama in two reels starring Sidney Bracey, one of the stars of "The Million Dollar Mystery," with handsome Sydell Downing in the two leading roles.

Three Great Features—Grand.

Three great features have been engaged for Grand patrons today, a total of five-reels of the most thrilling

movies seen in many a day on one bill at the Grand.

The third great chapter of that great Kalem series "Stingaree" starring True Boardman and Marin Sais, also beautiful Ollie Kirby. "Stingaree" is one of those serials that does not depend entirely on the artificial thrills put into it and frequent intervals, but its main point is the finished acting of these two stars of the first magnitude. True Boardman being one of the strongest leading men with Kalem and Miss Sais being noted for her enchanting screen personality.

Another great feature is the current episode of "The Hazards of Helen," that great series of railroad thrillers starring dare-devil Helen Gibson in the leading role. This is fully up to the standard set by these world-beater railroad thrillers and will fairly lift you out of your seat.

And still another great feature—Pat Rooney in the latest comedy bearing his cheerful countenance, entitled, "Some Medicine Man."

Virginia Pearson—Royal Today. Virginia Pearson, that enchanting screen personality who, with the possible exception of Theda Bara and Mary Pickford, has a larger following of screen fans than any living woman, comes to the Royal today in her latest and greatest William Fox photoplay, registering her very greatest cinema achievement to date, "Blazing Love," a tale of tender heart interest and blazing human emotions in six

reels that has had no equal for a vampire story with the softer tones which are absent from most vampire screen dramas.

There is a subtle softness in the deft touch of Virginia Pearson in her rendition of the vampire role that is utterly lacking with other stars of story-my emotion. It is this indefinable something which makes her productions doubly appealing to a much larger class of patronage than the rough, crude vampire roles. It is a role such as the most fastidious can enjoy, while the seeker after sensationalism will not be disappointed.

In "Blazing Love" Miss Pearson brings all her charming attributes to bear in the interpretation of one of her very greatest roles and is supported by a superb cast of Fox stars, which includes Wilmoth Merkil, Louise Huff and Frank Goldsmith.

"Under Cover" tomorrow. When "Under Cover" tomorrow is presented to the public at the Cort Theatre, it was a foregone conclusion that it would be one of the greatest successes of the season, because it had two great essential elements—swift action and something distinctly unusual as its main plot. For these same two reasons it was an equally foregone conclusion, when the Famous Players Film Company determined to make an adaptation of the new celebrated play, by Roi Cooper Megrue for the Paramount Programme, that it would be an overwhelming success.

And when Hazel Dawn and Owen Moore were chosen to head the cast of this distinctive production as their first co-starring vehicle, the fact that something extraordinary, even for the Famous Players was to be produced became more than ever apparent.

"Under Cover" tomorrow's Paramount feature at the Royal.

NEGRO RUSHED TO RALEIGH TO ESCAPE ANGRY CITIZENS

Nash County Planter Probably Fatally Wounded by the Mob.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 28.—Prompt action by the authorities and a speedy removal of Larry Hooks, a young negro, from Nashville jail at an early hour Sunday afternoon to Louisville and thence to Raleigh later, probably averted serious trouble, for the negro was being sought by a posse and mob of several hundred citizens for the serious crime of murdering an assault on Clarence T. Short and for entering his home and making himself objectionable to Mr. Short's wife and mother.

Mr. Short, who is a prosperous planter of the Nashville section, had trouble with Hooks at a tobacco barn about 3 o'clock Sunday morning and the negro went on off, but a short time later went to Mr. Short's house and demanding entrance on a plea that he wanted to know about his account, aroused Mrs. Short and her mother and he was talking very beligerently and disrespectfully when Mr. Short arrived. A fight followed, the negro declining to leave the house when told to do so by Mr. Short, and the negro brought a knife and razor into play, giving Mr. Short a number of stabs about the body, two entering his lungs and which otherwise giving him injuries which it is now believed are fatal. The injured man was brought to the Rocky Mount Sanatorium and a report of his condition today indicates that it is extreme.

Following the altercation the negro fled and making his way towards Wilson county where blood hounds were placed on his trail and he was found within a few miles of Wilson. He was returned to Nashville about noon yesterday and by that time a great number of citizens from the vicinity in which the trouble had occurred had gathered about the jail and it was thought best to remove him to the Franklin county jail. This was done but developments during the afternoon, so the report of the injured man's condition was received, indicated that it was advisable that the prisoner be removed to Raleigh and this was done.

MUSICAL RECITAL TONIGHT

Everything Ready for Formal Dedication of Harbor Island Auditorium. Big Crowd Expected.

All is in readiness for the formal dedication of Wilmington's latest acquisition, the handsome Harbor Island auditorium, which will take place tonight with the presentation of its first concert with those two widely known artists, Miss Elena de Sayn, the Russian violin virtuoso, and Miss Alice Eversman, soprano soloist, with the added features the Don Richardson Orchestra, and Madame Gertrude Bertine, as accompanist.

A telegram was received from the artists yesterday stating that they would arrive this morning at 9:50 direct from their concert tour in the North. They will go immediately to the beach, stopping at the Oceanic hotel. Madame Bertine, the accompanist, comes with them.

The last finishing touches to the interior of the auditorium were completed yesterday and no city in the South can boast of a more completely equipped edifice of the kind. While the exterior itself presents an impressive spectacle from its mere dimensions, one has to see the interior to really appreciate the elaborateness and the completeness with which the builders planned this pretentious addition to the civic and social life of Wilmington and Wrightsville Beach.

The acoustic properties of the auditorium, the planning of which is the most important detail of a building to be used for events similar to tonight's concert, will indeed be a revelation to everyone. Few there are who have not heard of the famous temple in Salt Lake City in which the largest in the world, a visitor yesterday morning was dumbfounded upon trying the same test to hear the sound distinctly even to the extreme rear of the building.

The arrangement of seats has been executed ideally, making the whole an artistic series of tiers which is not only pleasing to the eye, but gives one an intimate and neighborly feeling. For the concert tonight the small section of reserved seats have been arranged so as to be readily accessible upon entering the main doors, while the great majority of seats are for those holding general admission tickets and are readily reached by ascending the easy stairways at each side.

The appearance of the noted artists who will grace the auditorium upon its dedication under such favorable auspices and with such ideal arrangements, cannot help but establish far off the fact that Wilmington has such an ideal edifice and will no doubt make it easy to obtain other great artists and attractions in the future.

Twenty-five Boy Scouts will act as ushers for tonight's event, and will be thoroughly drilled, so that all patrons will be seated without any confusion whatever.

The dedicatory exercises, consisting of remarks of appreciation by Mr. W. Jacob, president of the Chamber of Commerce, and prayer of dedication by Rev. John Jeter Hurt, D. D., will be so brief that it has been found possible to begin this feature at 8:15, to be followed immediately by the concert proper.

It is urged that the various civic organizations who have been invited by the Rotary Club to participate in the dedicatory exercises communicate with Mr. Roger Moore, the president of the Rotary Club, who will preside over these preliminary events. It is the desire of the Rotary Club to demonstrate the appreciation of the people of the city for this handsome edifice, which cannot help but add greatly to the civic and social development of the community, and it is hoped that all organizations to whom invitations have been sent will answer with a large representation.

Ample car service is promised so that there will be no delays in leaving the island after the concert. The test to which the transportation service was put during the Feast of Lanterns was one of the most severe in the history of the suburban line, and is enough to assure patrons that they will be handled with dispatch this evening.

Announcement was made last night that Mr. W. E. Schuler, who will be in charge of the ushers, will as far as practicable arrange for parties holding reserved seats to be seated together. The Boy Scouts will act as ushers and those attending will be shown to their seats promptly.

HEALTH EXHIBIT FOR FARMERS

Designed to Help Solve Sanitary Problems of Country Home.

Raleigh, N. C., Aug. 28.—A health exhibit prepared especially by the State Board of Health for the meeting of the farmers and the farm women, August 29 and 30 at A. & M. College, Raleigh, will be one of the many entertaining and instructive features arranged for this occasion. The exhibit will consist of health moving pictures, of models of sanitary and insanitary wells and surface closets, of proper screening and ventilation, of patent medicine exposures, of things good and bad for babies and numerous other designs, ideas and suggestions pertaining to the health of the family and home.

In planning the exhibit the central idea was the sanitary, healthful country home, to help the farmer make his home and family practically safe from preventable diseases. An exposure of many of the most popular patent medicines will reveal the fraud to which numerous country people are ignorant subjects. Devices for the sanitary rural school will also be exhibited. The purpose of the exhibit is to help solve the sanitary problems of the country home which are now the home's first and greatest problems.

SUPERINTENDENT OF STATE SOLDIERS' HOME RESIGNS

Capt. Lineberry's Administration Vindicated, He Retires.

(Special Star Telegram.) Raleigh, N. C., Aug. 28.—W. S. Lineberry has handed to President A. H. Boyden, of the board of managers, his resignation as superintendent of the North Carolina Soldiers' Home. A position he has occupied for a number of years and refused to resign early in the year when charges against the management of the home stirred considerable sensation.

He held out and vindicated his administration.

FEEL ALL USED UP?

Lots of Wilmington People Do.

Does your back ache constantly? Do you have sharp twinges when sleeping or lifting? Feel all used up—as if you could just go no farther?

Why not look to your kidneys? Why not use Doan's Kidney Pills? Wilmington people have done so.

They tell you the result. Mrs. W. H. Turley, 1067 E. Fourth St., Wilmington, says: "My back was so weak that I couldn't do my housework, as the least exertion tired me out. My kidneys became inactive and my limbs were swollen. I was nervous and dependent and couldn't get any rest, day or night. Finally, I got a box of Doan's Kidney Pills at Bellamy's Drug Store. My back soon felt stronger and my kidneys acted more regularly. I kept on using them and when I had finished six boxes the swelling in my limbs disappeared and I felt like a different person."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Turley had. Foster-Milburn Co., Props., Buffalo, N. Y.

ministration, say members of the board, and now retires because of advanced age and his desire to return to his farm in Randolph county. It is probable that there will be a general revision of the management along lines suggested by Dr. Rankin, secretary of the State Board of Health, that would include a physician in charge with the organization projected more on hospital lines, as so many of the inmates are very feeble and aged.

The Event of the Season! Opening Harbor Island Auditorium tonight, 8:45 p. m.—Adv.

COTTON BREAKS HALF CENT WHEAT MARKET COLLAPSES

Closes at Net Decline of 23 to 25
Points After Making New High
Records.

New York, Aug. 28.—After making new high records today, cotton broke more than half a cent with December selling down from 16.09 to 15.49 under heavy general liquidation. That delivery closed at 15.65 and the general list closed steady at a net decline of 23 to 25 points.

The market opened firm at an advance of 10 to 18 points in response to a sensational early advance in December but shortly after the local opening, Liverpool suddenly turned weak, the price of October-November broke the equivalent of 1 1/2 a bale and this was sufficient to start a general selling movement in the local market. After the close abroad offerings slackened and a decline of 14 to 17 points from Saturday's final figures was following by rallies or several points on covering and bullish crop reports in the afternoon. Stop orders were uncovered as prices sold off and the decline was not checked until October had sold down from 15.88 the early high level to 15.49 while January broke to 15.52, and March to 15.71, or about 30 to 35 points from the final quotations of Saturday. This decline of over \$2.50 per bale from the high level of the morning, seemed to leave the market somewhat steadier and there were rallies of several points in the late trading on covering.

Open High Low Close.

Oct. . . . 15.50 15.58 15.54 15.42
Dec. . . . 16.00 16.05 15.94 15.83

NEW YORK PROVISIONS.

New York, August 28.—Sugar—Raw, nominal; centrifugal, 5.52; molasses sugar, 4.75; refined, dull.

Coffee—Spot, firm; Rio, No. 7, 9 3/4; Santos, No. 4, 11 1/4.

NEW ORLEANS COTTON.

Sale to 16 Cents Followed by Slump in Prices Yesterday.

New Orleans, Aug. 28.—After a brief lull today which carried March to 16 cents a pound and all months to new high levels for the season, the cotton market reacted sharply until prices were 41 to 49 points down from the topmost levels of the season. This was the widest reaction for any one day since the present upward movement in the staple commenced.

The sensational rise in Liverpool caused heavy buying here in the early trading on which prices went 14 to 17 points up. Heavy selling from owners of long contracts carried the market toward noon, 36 to 35 points down from the early high levels. Fresh buying came in on this and subsequent recessions, but the market lost much of the buoyancy it has displayed of late and early in the afternoon another downward swing started which ended 11 at the lowest level of the day. Following the unexpected quoting of the spot market up by seven points, futures had more steadiness and the close was at a net loss for the season of 21 to 27 points.

Closing bid: October 15.17; December 15.85; January 15.45; March 15.84; May 15.79.

Spot cotton steady 7 points up, sales on the spot 441, to arrive 212, middling 4.

WHEAT MARKET COLLAPSES

Action of Rumania and the Outlook Regarding Threatened Strike the Factors.

Chicago, August 28.—Wheat prices crashed down today, 9 3/4 to 1 1/4 a bushel, and closed excited at the lowest point reached, with September at 1.40 1/4 @ 1.40 1/2, and December at 1.43 1/4 @ 1.44 1/4.

The action of Rumania in taking the field against the Austro-German armies formed the chief reason of the market collapse but the depressing outlook regarding the threatened strike of 400,000 railway employees was undoubtedly a factor to no small extent. Corn finished 1 1/4 to 2 3/4 down and oats off 3 1/4 to 1 1/2. In provisions the outcome ranged from 30c decline to a rise of 15c.

Wheat—September, 1.40 1/4 @ December, 1.44 1/4.

Corn—September, 84 1/2 @ December, 72 1/2.

Oats—September, 44 1/2 @ December, 23 1/2.

Pork—September, 27.20 @ December, 23.55.

Lard—September, 13.87 @ October, 13.90.

Ribs—September, 14.17 @ January, 12.75.

Cash grain:

Wheat—No. 2, red, n. bal. No. 3, red, 1.44 1/4 @ 1.47 1/4; No. 2, red, 1.47 1/4 @ 1.50 1/4; No. 3, hard, 1.46 1/4 @ 1.49 1/4.

Corn—No. 2, yellow, 80 1/2 @ 81; No. 4, yellow, 80 1/4 @ 81 1/4; No. 4, white, 81 1/4 @ 82 1/4.

66 QUESTIONS PREPARED BY JUSTICE G. H. BROWN

More Than 100 Would-Be Lawyers Wrestle With Them All Day.

One Lady Before Supreme Court—Southern Steel Corporation Chartered—Union Station at Cary Ordered—Requisition.

(Special Star Correspondence.) Raleigh, N. C., Aug. 28.—There were 103 aspirants for licenses to practice law in North Carolina who wrestled all day with 66 questions of law and practice today, a member of the Supreme Court bench being on hand all the time to overlook the progress of the examinations, the justices alternating in a service. Of the applicants one is a lady and two negroes. It is necessary for the answers to two-thirds of the questions to be correct in order for license to be obtained.

The questions this year were prepared by Associate Justice George H. Brown and are declared to be especially comprehensive and searching. All the law schools of the State are well represented in the long list of applicants for license, the class being very much the largest in the history of the court.

Maybe the Last. In connection with the commencement of the examinations this morning Chief Justice Walter Clark said that while this was decidedly the largest class in the history of the court he believed it would also in all probability be the last for the reason that the State Bar Association has asked that there be created a state board of examiners for this service just as there now exists boards to license physicians, pharmacists and other professional men. He said the supreme court is ready to accept whatever decree the General Assembly makes in regard to the matter.

The Chief Justice said that the duties devolving on the five supreme court justices are now about 20 times as great as when the practice of having the court examine and license the lawyers was inaugurated a century ago. He said that nearly all the states of the Union now have boards to grant the licenses for lawyers.

In connection with the examinations there was the usual award of special prizes offered by Chief Justice Clark to the winner of the best scholarship in the different law schools. Only Trinity and the University of North Carolina classes had competitors for this year. William Pell Whitaker Jr., of Wilson, won the prize in the university class and S. S. Alderman, of Greensboro, in the Trinity class. The prizes were special autograph volumes of "Modern American Law."

First district appeals, of which there are 30, are to be called Tuesday morning at 10 o'clock and the arguments will consume the entire week of the court's daily sessions from 10 to 2 o'clock. The list of those to receive licenses will probably be published about Thursday.

There was issued today a charter for the Southern Steel Corporation, of Colton, La. county, where a great iron ore plant is being developed for the utilization of the deposits of ore in Lee and Chatham counties. The total is \$100,000 authorized and \$50,000 subscribed by C. M. Reeves, A. M. Rankin, J. A. Holloman, William Porter, the Piedmont Investment Co., of Charlotte, and others. The manufacture and erection of steel bridges is a special one of the specialties the corporation will develop.

There came today to the headquarters of the North Carolina National Guard the bronze miniature of the statue of Elephant Remington, Jr., unveiled today at Elton, N. Y., he having made the first Remington rifle in 1816 at that place. The miniature is to be awarded each year as a trophy to the company of the North Carolina Guard that makes the best record in target practice.

Union Station at Cary. The Corporation Commission made an order today directing the Southern and Seaboard Air Line railway companies to proceed at once with the construction of a union passenger station at Cary, where the two lines of road come together for parallel runs from Cary to Raleigh. The union station was ordered more than a year ago but the requirement to build was suspended on account of the conditions incident to the opening of the European war. The union station is to cost about \$10,000.

The Corporation Commission has taken up the matter of requiring the Norfolk & Western Railroad Co. to provide a new passenger station at Madison, Rockingham county. There will be a hearing arranged later. The Southern is just now completing a new station that the commission required the company to build at Madison. There was an effort first to get a union station at Madison, but this was considered by the commission to be impractical.

Requisition Honored. Governor Craig honored a requisition today from the governor of South Carolina for John Courtney, who is wanted in South Carolina to answer the charge at Spartanburg of obtaining money under false pretenses from B. S. Doolittle. The fugitive is now being held in Buncombe county for the South Carolina authorities.

Commissions were issued today at the executive offices of Governor Craig to Lee Y. Phillips as chairman of the Davidson county food relief commission, and to M. J. Hendrix as the chairman of the Davie county relief commission.

School Book Contracts Signed. Dr. J. Y. Joyner, who presides as Superintendent of Public Instruction, is the executive head of the State text book commission, says the contracts and bonds for the ensuing five year adoption of books for use in the schools just concluded. Also that a train of the signatures are being affixed, the whole matter to be closed up very soon now. He says there is absolutely nothing in any report of resistance of any sort to the adoption as put through by the commission and sub-commission in its joint deliberations. Publishers whose books were not re-adopted have all agreed to supply the books to the next year to June, 1917, as requested by the commission to avoid too hurried change in the books and on account of the flood damage conditions in Western Carolina. And the changes in the books will go into effect next June as ordered.

HYMAN EPSTEIN IS AT LIBERTY UNDER BOND

Jury Unable to Agree, New Trial is Ordered by Judge Stacy.

Bail is Fixed at \$10,000 by Agreement Between State and Defense—Jury Deliberated Two Days and Nights.

(Special Star Telegram.) Goldsboro, N. C., Aug. 28.—The jury in the now noted case of the State vs. Hyman Epstein, charged with the murder of Leonard Edwards on the evening of April 26, having had the case in their hands since 7 o'clock Saturday evening, fled into court shortly after 12 o'clock today, after having on yesterday, by special request, and again at 10 o'clock this morning, received brief review of the self-defense feature of the evidence, and announced through their spokesman that there was no hope of a verdict.

After Judge Stacy satisfied himself by enquiry of them that such was the case, a juror was withdrawn and a mistrial entered and a new trial ordered. As soon as Judge Stacy had ordered the entry of a mistrial, a motion was made by the defendant's counsel to admit him to bail. This motion was not combatted by the State and upon agreement with the State the sum was fixed at \$10,000 justified, for Hyman Epstein's appearance at November term of court, and this was promptly given within his own family and near relatives.

The status of the case is absolutely unchanged, so far as the gravamen of the indictment is concerned and, therefore, Hyman Epstein will face a new jury at November term.

How the jury stood on their polling as to the innocence or guilt of the defendant, whether for murder, murder in the second degree, manslaughter or acquittal, was not officially announced by that body, and therefore, is not of legal record in the court. However, it is understood that the jury stood 11 for conviction and one for acquittal.

TO REQUIRE TWO MEN ON THE STREET CARS

(Continued From Page Five.)

Investigation has been pursued primarily with reference to the public safety, but the committee has not felt justified to complete its investigation without first considering the financial aspect of the matter from the standpoint of the company operating the cars. It recognizes that the company is one, the stock in which is owned largely, if not almost entirely, by residents of the city, and that the moneys earned by the company are distributed in the form of wages and dividends in the community, and we have been desirous of doing the company no injustice.

"We have, after due notice, held certain hearings, to which representatives of the company, Wilmington Trades Council and the public generally have been invited. At these meetings members of Wilmington Trades Council, representatives of the company and some persons in their capacity as citizens, have appeared. In connection with our investigation we inquired of the representatives of the company whether the company desired to put in effect a one-man system of operation from the standpoint of economy, in this connection we invited the representatives of the company to answer certain questions dealing with the financial condition of the company to the end that we might have information from which to intelligently consider whether the intended economy, if such were intended, is reasonably necessary. The representatives of the company declined to furnish the committee with any information as to the financial affairs of the company. We have, therefore, been compelled to rely upon other sources, and we have considered the last published report of the company to the North Carolina Corporation Commission, and from that report we have been unable to find that the financial affairs of the company are such as to necessitate the one-man system.

"We further report that we held a meeting at which were present certain members of a sub-committee from a citizens' committee of one hundred which we referred to in our former report, those present being Messrs. J. A. Taylor, J. R. Hanby and Rev. Mr. Noe. These gentlemen submitted to us certain correspondence with reference to the operation of cars by one man in places other than Wilmington. A careful examination of this correspondence has disclosed to us that such operations are being conducted, but only in towns and cities of less population than Wilmington, all of such towns being interior points and practically all of them presenting different conditions of operations, and we have concluded that the conditions in these towns are so different as to furnish no dependable criterion for our own local situation. In some cities as large, or larger, than Wilmington the correspondence disclosed that cars were being operated by one man on certain branch lines usually built into new and undeveloped territory, and where the traffic had not grown to the extent that it existed in the more congested parts of such city or town.

"We have concluded that the operation of the one-man system in Wilmington, except upon the lines as hereinafter specified, will not be in the interest of public safety, comfort or convenience, and therefore, we recommend to the Council the passage of the ordinance which is hereto attached and made a part of this report.

"We recommend, as will be seen from the attached ordinance, that the requirement of two men shall not apply on cars while being operated south of Wright street, on Red Cross street, east of Fourth street, and east of 17th street, on the line which extends into Carolina Place. Also that a train of cars properly coupled shall be considered as one car for the purposes of this ordinance.

"Respectfully submitted,
"W. F. JONES.
"W. J. BRADSHAW.
"L. M. BUNTING.
"Committee."

MEANS ABSOLUTE RUIN TO AMERICAN GROWERS

Declaration of Delegation of 75 Tobacco Men.

They Go to Washington and Protest Against the British Embargo on Shipments to Central Powers—Drastic Action.

Washington, Aug. 28.—(Claiming that the British embargo on tobacco shipments to the Central Powers of Europe means "absolute ruin" to American growers, a delegation of 75 from Virginia, Kentucky, Tennessee, North Carolina and Maryland came to Washington today to urge that Congress and the State Department take drastic action. It was finally decided that the matter would be placed before Secretary Lansing tomorrow.

Before a meeting of the congressional delegations of the states affected, R. E. Cooper, of Hopkinsville, Ky., speaking for the growers, charged that the embargo was placed without notice and that England intended to depress prices and get our products at a cost which the farmers cannot afford without financial ruin.

The growers had been informed, Mr. Cooper said, that the British-American Tobacco Company had a concession from the British government to ship this year four times as much tobacco into Great Britain as in the last quarter of last year. Senator James believed the British-American company had sought the embargo.

Marion Letcher, foreign trade adviser of the State Department, summoned to the meeting by Representative Byrne, of Tennessee, told the tobacco men that the State Department had entered into negotiations with the British government and the British-American Tobacco Company.

Most of the speakers today urged that the United States government should adopt sharp retaliatory measures if the embargo was not immediately lifted.

WHY JAPAN SENDS NO TROOPS

Demanding That France Cede Her Asiatic Holdings to the United States (San Francisco Chronicle.)

The reason why Japan, which has actively co-operated with the allies on the sea and in furnishing munitions, has not sent troops to the continent, France to fight against the Germans is because its demand that France cede its Asiatic possessions to the United States has been blocked by England, according to Soong Tung-Fang, editorial writer on the Tribune (Switzerland) Tribune and correspondent of the Paris Temps, who has arrived here.

Clemenceau and other French statesmen favored Japan's demand that it be given French Indo-China and the other French territory south of China, but Great Britain refused to sanction the plan; hence the lack of Japanese troops in Europe," said Tsung-Fang.

EIGHTEEN VILLA FOLLOWERS CAPTURED, TRIED AND SHOT

One of the Bodies Hung Up in Plaza de Armas in Santiago, Chile. Chihuahua City, Mex., Aug. 28.—In a fight with a band of Villa followers at Corralitos, close to the Durango line, the forces of General Dominguez Arrieta took 18 prisoners who were immediately tried by a drum head court martial and shot, according to official reports received today by General Trevino. The body of the notorious bandit, Fernan, found among the rebels slain, was taken into the city and hung up in the plaza as an object lesson to Villa sympathizers.

RUMANIA HAS DECLARED WAR ON AUSTRIA-HUNGARY

(Continued From Page One.)

Believes can assist her most efficaciously in relieving her national ideal.

GERMANY CONSIDERS HERSELF "AT WAR WITH RUMANIA" NOW London, August 28.—An official statement issued in Berlin and forwarded by Reuters' correspondent at Amsterdam, says:

"After Rumania, as already reported, disgracefully broke treaties concluded with Austria-Hungary and Germany, which we referred to in our former report, those present being Messrs. J. A. Taylor, J. R. Hanby and Rev. Mr. Noe. These gentlemen submitted to us certain correspondence with reference to the operation of cars by one man in places other than Wilmington. A careful examination of this correspondence has disclosed to us that such operations are being conducted, but only in towns and cities of less population than Wilmington, all of such towns being interior points and practically all of them presenting different conditions of operations, and we have concluded that the conditions in these towns are so different as to furnish no dependable criterion for our own local situation. In some cities as large, or larger, than Wilmington the correspondence disclosed that cars were being operated by one man on certain branch lines usually built into new and undeveloped territory, and where the traffic had not grown to the extent that it existed in the more congested parts of such city or town.

"We have concluded that the operation of the one-man system in Wilmington, except upon the lines as hereinafter specified, will not be in the interest of public safety, comfort or convenience, and therefore, we recommend to the Council the passage of the ordinance which is hereto attached and made a part of this report.

"We recommend, as will be seen from the attached ordinance, that the requirement of two men shall not apply on cars while being operated south of Wright street, on Red Cross street, east of Fourth street, and east of 17th street, on the line which extends into Carolina Place. THROWS TO CAMP GLENN Record-Breaking Crowd Went Down to See the Boys Sunday.

(Special Star Correspondence.) New Bern, N. C., Aug. 28.—A record-breaking crowd yesterday paid Camp Glenn and Morehead City a visit, the former place being the centre of attraction, and about 1,500 people are said to have been among those who looked over the camping grounds during the day.

In addition to the regular train, consisting of nine coaches, the Norfolk Southern Railway Company operated a special train of thirteen coaches and each and every one of these was filled. The day was an ideal one and the excursionists thoroughly enjoyed the occasion.

TO RELIEVE INDIGESTION Take Horford's Acid Phosphate. There is nothing better for mauls, indigestion, sick headache or acid stomach.

What Makes This Bank Grow?

There is one main reason for the steady, uninterrupted success and growth which the American Bank and Trust Company enjoys—SATISFACTORY SERVICE.

A considerable portion of the new business we obtain comes to us as a direct result of our satisfied depositors recommending our facilities to their friends and acquaintances.

We cordially invite you to make this your banking home, confident that our service will please you, as it pleases hundreds of others.
